***CRITERIA FOR THE SCORE TO BE AUGMENTED**

The assessment of the teacher in the given academic year should be done based on his work under six headings mentioned in the Faculty Evaluation Proforma. The teachers have opportunity to score marks under all headings, but keeping in view the role of teacher in the higher education system the score should be proportionately divided in all categories. Hence, the upper capping limit for all six parameters is decided and mentioned in the criteria given below.

Parameter		Instructions/Evidences/Score calculation	Upper Capping
