Details of the training program of Kriyakalpa of therapists:

1. Lecture of the therapy is given to all the concerned therapists and interns.
2. Complete procedure and its possible complications are explained to the patient and relatives.
3. Proper written consent of the patient is taken and its importance is stated in session.
4. Demo of the therapy is carried out on a patient.
5. Post therapy management is executed.
6. Skillfull results are achieved.
7. Patients are encouraged to undergo the therapy of Kriyakalpa routinely.
8. Therapists are trained from the point of view of success of procedure with eminent results to the patient.
9. Therapist are advised to take proper follow up followed by next plan of the therapy.
10. Whole procedure is related to the delicate organ = Eye ball. Hence; the therapy is carried out with immense of care and delicacy.
