Indian Millets

Journey

Millets have been an integral part of our diet for centuries. In addition to a plethora of health benefits, millets are also good for the environment with low water & input requirement. With the aim to create awareness and increase production & consumption of millets, United Nations, at the behest of the Government of India, declared 2023 the International Year of Millets.

To commemorate this, department of DRAVYAGUN VIGYAN & KRIYA SHARIR, ADAMC, ASHTA is hosting an event "INDIAN MILLETS JOURNEY".

You are cordially invited to this event. We look forward to your presence at the event.

Date - 21 March 2023

Students giving information to Principal of ADCET Dr. Vikram Patil

Inter departmental collaboration activity (2022-23)

An inter departmental activity between Kriyasharir department and Dravyagun department of ADAMC, Ashta .

Under the guidance of – Dr.Amit Pethkar (Prof. & HOD, Kriyasharir Dept.)

Beneficiary – 100 students from 1st BAMS

Ex.Period – 01 Nov 2022 to 30 Dec. 2022

Title –

“To acumen the students about the Pathyahaar with special reference to Prakruti.”

Purpose for activity –

To achieve high standards in the field of Ayurveda based Education.”

To cooperate among departments of the organization for achieving integration of education, research and clinical care .

Aim -

“To acumen the students about the Pathyahaar with special reference to Prakruti.”

Objectives -

To optimize the talents and skills within the students.

To achieve progress in students by nourishing them with vast knowledge.

Activity Plan –

As soon as the Prakruti chapter taught completely to the students in the second term they get idea to find out the prakuti type of any individual.

Then according the type of Prakruti they must know the type of diet recommended for particular prakruti.

So with the detail knowledgw of rasa, virya, vipak and Prabhav of the special recommended dravya for particular prakruti the student gets ease for advising Pathyahar to the person.

Also the student get the clear idea about the cause of some dravya which are contraindicated for particular prakruti .

The information related to Dosha predominancy and Rasayana dravya will also give benefit for the students while writing the Pathyapathya Kalpana.

This is the inter departmental MOU between Sharir Kriya Department and Dravyaguna Department.

I) Purpose & scope :

The purpose of this MOU is to clarify the identity and roles and responsibilities of each party as they are related to ADAMC,Ashta.

In particular this MOU is intended to:

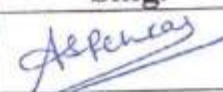

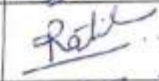

- To optimize the talents and skills within the students.
- To achieve progress in students by nourishing them with vast knowledge.

II) Responsibilities under this MOU :

- Sharir Kriya Department will give the knowledge of Prakruti pareekshana both theoretically as well as practically.
- Dravyaguna Department will give the knowledge regarding Pathya and Apatha ahar and rasayana dravyas recommended for particular prakruti.

We undersigned faculties declair that we are agree and acknowledge to give our best for above mentioned responsibilities.

Sr.No.	Name	Sing.
1	Dr.Amit S. Pethkar (HOD.,Professor Kriya Sharir Department)	
2	Dr.Sarika S.Kandharkar (HOD.,Professor Dravyaguna Department)	
3	Dr.Ashwini R.Patil (Associate Professor Kriya Sharir Department)	
4	Dr.Ashwin Gurav (Associate Professor Dravyaguna Department)	
5	Dr.Raj Ahamad G. Jamadar (Assistant Professor Kriya Sharir Department)	
6	Dr.Sarita Gavade (Assistant Professor Dravyaguna Department)	

Outcome of the event –

- The students got the good knowledge of Prakruti and detail description of what and how to advice the Pathyahaar to person.
- It will also help them to maintain swasthya of their own and familiers.
- The aim of the event is well achieved.
- The students show their intrest to conduct such activities in future.

Integrated Teaching (IT)

Topic : पंचकर्म व रचना शरीर - डॉ. अर्चना वाडकर .

"Importance of anatomy in panchkarma."

- purification of body.
- panchkarma is the treatment for the body, mind & consciousness that cleanses and rejuvenates.
- Treatment start with pre-purification, measures of snehan and swedan and then cleansing method shodhan are applied.
- Raktmokshan - Skin
वमन, विरेचन, वस्ती - GI tract.
नस्य - nervous system.

▷ Vaman karma is one of panchakarma in which elimination of impurities from upper passage is done higher centers of act of vomiting.

Hypothalamus, cerebellum, labyrinth, area postrema

- Anatomically medicine for vaman karma administered by oral route & passes through oral cavity pharynx, epiglottis, oesophagus, stomach and duodenum.
- Vomiting starts in stomach, when it fulfilled concentrate to be distended and rarely to expelled at outward.
- Virechana karma is therapeutic procedure by which doshas are eliminated through adhomarga (anal region).
- Anatomically the medicine for virechana karma, administered by oral routes and passes through oral cavity and gastrointestinal tract.
- unabsorbed liquid residue enters the caecum through ileo-caecal valve where water is absorbed & become progressively more solids as it into anal.

- Nose is an organ of upper respiratory system having external & internal portion also receptor organ for olfaction
- Anatomy and physiology of olfactory region is such that it can be provide in higher to the CNS, resulting in higher concentration of drug in different region of brain.
- Basti chikitsa to be one of most important panchkarma of both therapeutic and preventives as well as promotional properties.
- Main anatomical region included in Basti karma in lower GIT.
- Human colon has much less surface area than small intestine but colonic crypt cells present in colon are capable of much absorption as well as secretion, It absorb 90% of ileal effluent.
- Rectal absorption of drug is necessary dependent on several drug characteristics such as partition co-efficient & molecular size.
- According to Acharya charak 'Basti Vatharm'.
- Raktamokshan is blood-letting.
- organ like Yakruta and pliha are concerned through Raktamokshan.
- during siravedhana there is importance of identification of marma.
- Apachi, Koshtis cavity - formed Avama, mahastrotas.

Integrated Teaching (IT)Topic: श्रोत्ररोग (ENT)Acute otitis media -

Acute suppurative otitis media is a fairly common infection affecting the mucosa of the middle ear cleft. It is common in children as the Eustachian tube in children is shorter, wider, more horizontal & opens at a lower level.

• Portals for Entry of Infection -

① In majority cases, the infection in middle ear reaches via, Eustachian tube, due to obstruction caused by adenoids, rhinitis, tonsillitis & nasopharyngeal tumors.

② Trauma to ear drum.

③ Head injury - fracture of temporal bone involving middle ear.

④ Reduced viability.

⑤ Blood - Bone infection rarely reaches middle ear.

• Causative organisms -

Streptococcus haemolyticus, Staphylococcus aureus, Haemophilus influenzae, pneumococcus, other respiratory tract organisms are responsible.

• Stages of Infection -

① Catarrhal stage - occlusion of Eustachian tube.

Symptoms - fullness, severe pain, deafness present.

② Stage of Exudation - Exudate collects in the middle ear & the drum is pushed laterally.

Symptoms - more severe, Drum starts bulging & convex.

③ Stage of suppuration - pus in the middle ear, perforates drum by pressure necrosis. & exudate starts escaping into external auditory canal.

Symptoms - pain & constitutional symptoms, escape of ear discharge, otorrhoea.

④ Stage of Healing - due to the resistance offered by Body & antibiotics administered, the infection starts healing.

⑤ Stage of complications - Infection may spread to mastoid antrum through the aditus.

• Investigations -

① Tests of Hearing - Tuning fork tests reveal conductive deafness.

② Audiometry also shows conductive deafness, if patient is in a condition to undergo audiometry.

③ Radiography - In the first 3 stages the radiographs of the mastoid show no change.

④ Bacteriological Examination of the ear discharge for detection of the causative organism.

• Treatment →

① Antibiotics such as tetracycline, erythromycin, ampicillin or penicillin should be administered.

② Nasal decongestant drops improve drainage of middle ear.

③ Analgesics relieve the pain.

④ Glycerin carbolic ear drops improve drainage of middle ear, are used.

⑤ Warm oil is a household remedy which reduces pain.

⑥ surgical - Myringotomy - In this procedure, the ear drum is incised to drain the middle ear cavity.

Procedure - 1) The external auditory canal is sterilised with spirit.

2) A J-shaped incision is made in entire postero-inferior quadrant. It cuts radial fibres of ear drum.

3) Drainage - The fluid in middle ear is aspirated.

Myringopuncture - It is puncturing the ear drum with a injection needle & aspirating the middle ear.

Integrated Teaching (IT)Topic : Gynaecology .• Hysterectomy -

- Hysterectomy is the operation of removal of the uterus and adjacent structure. When the uterus is removed abdominally it is called abdominal Hysterectomy .

- Types are described as -

Types	Description	Indications
1) Total hysterectomy	removal of entire uterus .	Dysfunction uterine bleeding uterine fibroid endometriosis .
2) subtotal	Removal of Body / corpus leaving behind cervix .	Endometriosis obstetric causes Tub-ovarian mass .
3) panhysterectomy .	Removal of uterus along with removal of tubes & ovaries .	Indications for total hysterectomy in perimenopausal age .
4) Extended hysterectomy .	panhysterectomy with removal of cuff of vagina .	Carcinoma endometrium .
5) Radical hysterectomy .	removal of uterus , upper 1/3rd of vagina , parametrium & lymph glands of cervix .	carcinoma cervix - stage I & II .

• Basic steps of Abdominal Hysterectomy -

- 1) patient positioning , examination under anaesthesia & sterile preparation ,
- 2) Incision & exploration . Incision are either paramedian infraumbilical or low transverse .
- 3) Round ligament ligation .
- 4) ⁴²¹ Broad ligament dissection .

- 5) The uterus is drawn out of wound.
- 6) The decision for preserving / removing the adnexae is made.
- 7) perivesical & perirectal dissection.
- 8) cervical amputational or removal.
- 9) pelvic peritonisation may be done by running sutures.
- 10) Abdominal packs are removed.
- 11) Abdomen is closed in layers.

• complications -

- 1) During operation -
 - ① Haemorrhage
 - ② Injury to bladder, intestine or ureter.
 - ③ Anaesthetic hazards.
 - 2) post operative -
 - ① Hypovolaemic shock.
 - ② urinary -
 - retention
 - cystitis.
 - overflow due to prolonged overdistension of bladder.
 - ③ pyrexia - fever may be due to cystitis, abdominal wound infection, peritonitis.
 - ④ Incisional Hernia - more with midline vertical incision than with low transverse one.
- Vaginal Hysterectomy is the ideal method if associated repair operation is to be done in vaginal prolapse.

Integrated Teaching (IT)

Topic: स्वस्थवृत्त - योगासन Dr. Sanjay Jadhav sir.

YOGA ANATOMY.

- World's Yoga Day is celebrated on 21st June every year. It is essential for maintaining good physical & mental health. We can come to know about indications & contraindications by knowledge of anatomy.

• Why knowledge of Anatomy is essential for Yoga?

1) Understanding the movement - we learn about major bones & joints & muscles in anatomy. We need to know how the body works & moves so that we won't get injured while transitioning in or out of poses.

1) understanding when to let go & not push.

2) understanding the Benefits of poses.

3) understanding the alignment.

4) understanding how to manage pain.

• Types of muscle contractions -

i) concentric - The length of the muscle decreases during contraction.

ii) Eccentric - The length of the muscle increases during contraction.

iii) Isometric - The length of the muscle remains constant during a contraction against resistance & the intention is not to move.

• Asana & muscles acting -

i) Vrishhasana - Abductor longus, gastrocnemius, Sartorius, gracilis, vastus lateralis, vastus medialis, vastus lat., Tibialis anterior, Pectus femoris.

ii) Trilokasana - gluteus maximus, medius, Tensor, fascia latae, Sartorius, piriformis.

- ③ Pacchimottasana - Erector spinae, gluteus maximus, hamstrings, gastrocnemius.
- ④ Ardhamatsendrasana - Rhomboidus, erector spinae.
- ⑤ Bhujangasana - Serratus anterior, Hamstrings, gluteus maximus.
- ⑥ Verrasana - deltoid, Rectus Abdominis, Quadriceps, Sartorius, latissimus dorsi, erector spinae, Rectus femoris, Adductors, Hamstrings, psoas major.
- ⑦ Gomukhasana - Triceps, subscapularis, long head of triceps brachii.
- ⑧ Dhanurasana - Pectoralis major, gluteus maximus, Semimembranosus, Semitendinosus, Adductor magnus.
- ⑨ Ushtrasana - psoas major, Vastus lateralis, trapezius.
- ⑩ Setubandhasana - rectus abdominis, Quadriceps, Hamstrings, gluteus maximus.
- ⑪ Halasana - Hamstring, gastrocnemius, soleus, Trapezius.
- ⑫ Chakrasana - Trapezius, Triceps brachii, deltoid, Anconeus, rectus abdominis, vastus lateralis.

pranayam - It increases the capacity of lungs.
 Hence it's necessary to know anatomy of lung
 because lobes of lungs are involved.

Integrated Teaching (IT)

Topic: रोगनिदान . Lymphatic system

Lymph is a clear - to white fluid made of WBCs. especially lymphocytes. the cells that attack bacteria in the blood & body tissues.

• Lymphatic system includes -
cervical lymph nodes, Thymus, axillary lymph nodes, spleen, lymphatics of upper limb, Inguinal lymph nodes, pelvic lymph nodes, lumbar nodes, lymphatics of mammary gland, cisterna chyli, lymphatics of lower limb.

• Functions of lymph / lymphatic system -
i) protecting body from illness - causing invaders.
ii) maintaining body fluid levels.
iii) absorbing digestive tract fats.
iv) removing cellular waste.

• difference betn. blood & lymph.

Blood	lymph.
i) Red in color.	i) colourless.
ii) opaque.	ii) transparent.
iii) more viscous.	iii) less viscous.
iv) contains erythrocytes.	iv) erythrocytes are absent.
v) It has number of platelets.	v) platelets are absent.
vi) flow of Blood is fast	vi) flow of blood is slow.

Integrated Teaching (IT)

Topic: Cardiac and Non-Cardiac chest pain.

History -

- 1) age 2) sex. 3) History of disease.

characteristics of Cardiac chest pain -

- i) squeezing, stabbing pain.
- ii) Nausea, Vomiting.
- iii) Backache
- iv) sweating
- v) left upper limb tingling and numbness.
- vi) cheek pain
- vii) epigastric pain
- viii) Breathlessness (dyspnea on exertion).

parameters for Cardiac chest pain -

- i) pulse - Normal, Tachycardia, Bradycardia.
- ii) BP - Normal, Hypertension, Hypotension.
- iii) ECG - electrocardiogram.

graphical representation of electrical activities of heart.

ECG may be normal or may be abnormal.

iv) Blood Investigations -

CKMB.

Trop (T) positive

Trop (I) positive

} Heart attack (Infarct).

Integrated Teaching (IT)

Topic : शरीरज्ञान प्रयोजन .

- शरीरोपक्रम - शरीराची संपूर्ण माहिती .
- शरीर - शरीरशास्त्र अम्यासाच्या दृष्टीकोनातून शरीराचे रचनात्मक व क्रियात्मक असे दोन अंशूत विभाग पडतात . त्यांपैकी प्रथम शरीराचा रचनात्मक अम्यास त्याच्या क्रिया समजल्याच्या दृष्टीने व्यक्त करते .

" शीर्षिते नत् शरीरम् । "

जे क्षणाक्षणातया झिजते व शेवटी नाश पावते ते शरीर होय . शरीरामध्ये चण , अपचण या आरण्या क्रिया सतत चालू असतात . त्यामुळे झीज होत असताना ताठ होत असते .

" तत्र नाम शरीरं चेतनाधिष्ठानभूतं पंचमहाभूतविकार समुदायात्मक , समशोणवादी । " च.शा. 6/4 .

पंचमहाभूत व त्यांचे विकार या अवर्त्या समुदायापासून तयार झालेले अभूत जे चेतना धातू म्हणजेच आत्म्याचे अधिष्ठान आहे ते शरीर होय .

- शरीर व्याख्या - " शरीरम् अधिकृत्य कुतम् तत्रम् शरीरम् । "

शरीराचा आधारभूत घटक जे शास्त्र (तत्र) तयार केले आहे त्या 'शरीर' म्हणतात . संपूर्ण शरीराचे म्हणजेच शरीराच्या बाह्य आणि अन्तर् आभातीय अंगप्रत्यंगाची रचना व क्रिया या विषयी विवेचन करणे व त्यांची प्रत्यक्ष प्रमाणाने नोंद घेणे याचा 'शरीर' असे म्हणतात .

- शरीर ज्ञान प्रयोजन -

1) आयुर्वेद शास्त्राचा उद्देश म्हणजे स्वस्थ पुरुषाचे स्वास्थ रक्षण करणे व व्याधीग्रस्त पुरुषास पुन्हा निरोगी (स्वस्थ) करणे हा होय . शरीराचे ज्ञान असेच तरच शरीरासाठी हितकर अशा यत्नांचे ज्ञान घेणे व रक्षण करणे शक्य होते .

२) व्याधी दोन प्रकारचे असतात , शारीरिक व्याधी आणि मानसिक व्याधी त्यापैकी शारीरिक व्याधीचे शमन शरीरावर व्याधीकुरूप निरनिराळे औषधोपचार करून घेतो व मानसिक व्याधीचे शमन मानसिक चिकित्सा केल्यास घेतो हे मानसिक उपचार करताना मुल्या शरीराचा संबंध घेतोच . म्हणून अर्त प्रकारच्या चिकित्सा करण्याचे शरीर हेच अधिष्ठान आहे . म्हणून वैद्याच्या शरीराचे समग्र ज्ञान असणे अत्यंत आवश्यक आहे .

३) संपूर्ण शरीराची म्हणजेच शरीराच्या बाह्य आणि अस्मान्तर भागातील अंगप्रत्यंगाची प्राकृतिक रचना व क्रिया माहिती असल्याशिवाय विदुतीचे स्थान व स्वरूप समजणे शक्य नाही म्हणून शरीर ज्ञानास 'चिकित्सा शास्त्राचे द्वार' म्हण्ये आहे .

४) शक्यता किंवा शक्यता कर्म माध्यम व्याधीवर शस्त्रक्रिया करणे आवश्यक असल्यास ज्या भागावर शस्त्रक्रिया करावची असेल त्या विशिष्ट भागातील अंग-प्रत्यंगाची व अवयवांची तसेच त्यांच्या परस्पर संबंधाची चांगली माहिती असणे आवश्यक आहे .

५) शरीराची रचना माहिती असल्याशिवाय शरीराच्या क्रिया समजू शकत नाहीत म्हणून वैद्याच्या अतिप्रथम स्थाना शास्त्राचे ज्ञान प्राप्त करून घेणे आवश्यक असेते .

EVENT / ACTIVITY REPORT

Title of Event / Activity:- Lecture on Mental Health in Medical Students on
occasion of World Mental Health Day,2022

Date:- 13/10/2022

Time:- 02.30 pm to 04.30 pm

Duration:- Two Hours

Venue:- Auditorium Hall, Hon. Shri. Annasaheb Dange Ayurved Medical College,
Ashta.

Name of Lecturer-

Dr.Abhinandan Patil, MD (Manas Vidyan), Professor Kaychikitsa, LRP
Ayu.College , Islampur,m MCIM Executive Member.

Description:-

At the beginning, Program started with Dhanvantari worship and Stavan.
Our 3rd BAMS student Ankita Rupanar and Srushti Deshamukh sung Dhanvantari
Prayer.

Our Principal Dr. Amit Pethkar had given a warm welcome to our guest on
occasion of World Mental Health Day,2022.Dr. Alkananda Kulkarni falicitated our

guest. At the beginning of lecture Dr. N.B. Tatpuje HOD, Swasthvritta and Yoga has given brief introduction of our guest Dr. Abhinandan Patil.

Dr. Abhinandan Patil, BAMS, MD (Manas Vidnyan), Professor, MCIM Executive Member gave appropriate & very useful information about Manas vidnyan in Ayurveda. He also gave information about improvement of mental health in medical students using Ayurvedic Manas aspects. It was very informative lecture given by Dr. Abhinandan Patil on occasion of World Mental Health Day, 2022.

At the end of the lecture Asso. Prof. Dr. Ashwini Khot gave vote of thanks to our guest for giving such useful information to our BAMS students. Our NSS volunteers Mr. Pavan, Ms. Shradhha, Ms. Priti and Ms. Ankita contributed their role to conduct this program smoothly.

List of the Teachers/ Students/ Instructors are attached with the report.

ACTIVITY REPORT

Title of Event / Activity:- Guest Lecture on the topic 'Yoga for Youth' on the occasion of International Day of Yoga 2023

Organized by the Department – Swasthavritta & Yoga (ADAMC,Ashta)

Date:- 19/06/2023 **Time:-** 02.15 pm to 03.15 pm. **Duration:-** 1 Hour

Venue:- Old First Year Class room, (ADAMC,Ashta)

Subject: 'Yoga for Youth'

Objectives of event / activity:-

- To create awareness about Yoga
- To promote practices of Yoga.
- To build up healthy society by propagating importance of Yoga.
- To making up of our society physically and mentally sound.

Description:

With due permission of Principal sir Department of Swasthavritta & Yoga ADAMC, conducted the **Guest Lecture** on the topic '**Yoga for Youth**' on the occasion of **International Day of Yoga 2023** as a part of celebration of Aazadi Ka Amritmohotsav at Hon. Shri Annasaheb Dange Ayurved Medical College, Ashta on **19/06/2023** from 2.15 pm to 3.15 pm at Old First Year Class room. This program was organized for 3rd BAMS students

The purpose of Guest lecture is to promote Yoga practices and endeavor towards making it a part of everyone's daily routine. It was 60 minutes session, started at 02.15 pm and concluded at 03.15 pm. Dr. Balkrushna Chitnis, Indian Yoga Association Associate Center, Vishwa Yoga Darshan Kendra, Sangli, has delivered a speech on '**Yoga for Youth**' and also conducted **Meditation Session**.

Prologue and Introduction of Speaker was done by Dr. Sanjay Jadhav, HOD Swasthavritta and Yoga Department. Dr. Balkrushna Chitnis has conducted this session with full enthusiasm. It was all together a rejuvenating experience for all the participants. At the end of the session Dr.

Ashwini Khot, Reader Swsthavritta and Yoga Department expressed vote of thanks. The event anchoring was done by Dr. Radhika Chougule, Lecturer Swsthavritta and Yoga Department. The event was conducted in the presence of respected Director Dr. A.R.V. Murthy and Principal Dr. Amit Pethkar

Outcome :-

- 1) Participants understood importance of Yoga in improving Physical and Mental Health
- 2) Students and participants understood effects of Meditation
- 3) Participants assured to practice Personal Hygiene.

Feedback:-

Feedback was taken from participants

EVENT DETAILS :

On occasion of 'World Health Day 2023' A guest lecture on 'Breast Cancer Awareness and Self Breast Examination Demonstration' was organized by Prasutitantra evum Strirog Department of Hon. Shri. Annasaheb Dange Ayurved Medical College And Research Center, Ashta on 08th April 2023. The guest speaker for the lecture was **Dr. Rekha Rajesh Khyalappa, Professor**, Department of Surgery, Dr. D.Y. Patil Medical College, Kolhapur.

Dr. Rekha Rajesh Khyalappa has more than 12 years of clinical and academic experience. Chief Guests and dignitaries were welcomed with flowers. An opening prayer and welcome song was sung by the college student.

Lecture was attended by Faculties of PTSR dept., 3rd year and 4th year UG, PG and Intern students. During the lecture **Dr. Rekha**, she emphasized all female students to become self-doctor for them and spread the message of Breast Cancer Awareness among all near and dear ones. Breast cancer awareness is an effort to raise awareness and reduce the stigma of breast cancer through education on symptoms and treatment. She discussed self-experienced cases and also to guide various life-saving interventions.

Diagnosing Breast Cancer – Self Breast Examination -

Dr. Rekha, shared her knowledge and experience with the students about the Breast Cancer, she described how to diagnose and deal with Breast Cancer. She said earlier the breast cancer is diagnosed, the better the chance of beating it. So it's important to check your breasts regularly. She described the Mirror method for self-diagnose. There's no special technique and you don't need training to check your breasts. The individual should visit a specialist if she feels any lump or swelling in the breast or there is change in shape or size of breast or if they notice unusual nipple discharge.

The session was very interactive and informative. Students learned lots of things.

Number of Participants: 151

Outcomes & Objectives Achieved:

This guest lecture significantly affect the knowledge of symptoms, risk factors of breast cancer disease and practice of breast self examination.

The role of health education skills include the influence of family, peers, culture, media and technology on health behaviors, knowing how to access and use valid health information and using communication, decision-making, goal-setting and advocacy skills to engage in health enhancing behaviors.

The need to create awareness on breast cancer disease through health education is of great importance in order to improve women health and save lives is also significant if there is going to be drastic reduction in the incidence of breast cancer in the future.

During the lecture Dr. Mandale gives detailed information on the practical aspect of the laparoscopy in obstetrics and gynecology with technical details such as how to hold and orient the camera, how to achieve pneumoperitonium, how to operate the complicated cases and diagnose complex obstetric and gynecological abnormalities.

He discussed about The introduction of laparoscope to obstetrics and gynecology has made tremendous impact to patient care as it allowed imaging of the uterus and its abnormalities including mullerian abnormalities in gynecology with such clarity to allow advanced diagnosis and also to guide various life saving interventions. Understanding the physical principles of Laparoscope is essential for a basic knowledge of instrument control and also for understanding safety and bioeffects of this technology Improving women health survival.

The session was very interactive and informative. Lecture was attended by 3rd year students, 4th year Students, PG Students, Interns along with faculty members. Students learned lots of things about laparoscope.

Number of Participants: 150

Outcomes & Objectives Achieved:

1. The student understood Basic Knowledge about laparoscope in Obstetrics & Gynecology.
2. The students learned emergency ectopic management and infertility factors related to uterus.

EVENT / ACTIVITY REPORT
August 2022

Title of Activity: - Guest Lecture on "Study of Minerals in Ayurveda"

Date: 27-08-2022

Time: - 11.40 to 12.40 pm

Venue: - 2nd yr Classroom ADAMC, Ashta.

Guest Speaker: - Prof. Sanjay Vijayakumar Pathare. Head of Geology Department, Rajaram College, Kolhapur.

Objectives of activity:-

1. Improve knowledge of student about Minerals in Ayurveda.
2. To know Ayurvedic aspect in modern way.

Description:-

In Ayurveda study of minerals is given in details, also Ayurveda tell us how to use them effectively in various diseases but now days finding these minerals in their original form is very difficult. So identification and to know them in modern era is important. Geology is the stream that studies these minerals and research for find genuine part of it. So we arrange this guest lecture to Ayurvedic students to improve their knowing about minerals in modern era.

EVENT / ACTIVITY REPORT August 2022

Title of Activity: - Guest Lecture on "Study of Semisolid dosage forms for External Application"

Date: 14-09-2022

Time: - 11.30 to 12.30 pm

Venue: - 2nd yr Classroom ADAMC, Ashta

Guest Speaker: - Mr.Sandeep M. Honmane Head of Pharmaceutics Department Annasaheb Dange College of B.Pharmacy, Ashta.

Objectives of activity:-

1. To give basic knowledge of formulation for External Application.
2. To give knowledge of Ointments, Creams, Lotions, Emulsions and Gels.

Description:-

Guest lecture was organized by Department of Rasashastra and Bhaishajyakalpana. The guest speaker was Mr Sandeep M. Honmane Head of Pharmaceutics Department Annasaheb Dange College of B.Pharmacy, Ashta.

In this lecture all types of formulations for external use were taught by the Guest speaker. The ingredients, manufacturing processes of various Ointments, Creams, Lotions, Emulsions, and Gels were elaborately discussed. Total 50 2nd year BAMS students and 03 teaching and nonteaching staff members attended this guest lecture.

Feedback taken - Yes

Outcome of events:-

This Guest lecture was helpful for students in understanding concepts of basic Semisolid formulations useful for external application. Along with that they understood the manufacturing process and pharmacology. Of semisolid dosage forms for external application like Ointments, Creams, Lotions, Gels, Jellies.

HOD
Rasashastra Dept.
Hon. Shri. Annasaheb
Dange Ayurved Medical
College & PGRC, Ashta

Dr. Nilam Chavhan, an expert in Ayurvedic cosmetic preparation, delivered an informative lecture on the formulation and manufacturing process of Ayurvedic soaps, shampoos, and lip balms. She discussed the selection of herbs, oils, and other natural ingredients, emphasizing their therapeutic properties and benefits for skin and hair care. Dr. Chavan also highlighted the importance of adhering to Ayurvedic principles while formulating cosmetic products.

Following the presentation, an interactive session was conducted, allowing students to ask questions and seek clarification from Dr. Chavan. A live demonstration of the preparation of Ayurvedic soaps, shampoos, and lip balms further enriched the learning experience for the students. They had the opportunity to observe the step-by-step process and gain practical insights into the manufacturing techniques.

The guest lecture on Ayurvedic cosmetic preparation proved to be an enriching and engaging experience for the Ayurveda students. It provided them with valuable insights into the formulation and production of Ayurvedic soaps, shampoos, and lip balms. The event was made possible through the combined efforts of the organizing committee, including Dr Shraddha Shelke and Dr. Suraj Kundle, and the support of esteemed like Principal Dr. Amit Pethkar sir and Dr. Vijay Dange sir. The lecture served as a stepping stone for students to explore the world of Ayurvedic cosmetics and its potential for holistic well-being. The college looks forward to organizing more such informative sessions in the future to further enhance the knowledge and skills of its students

Outcome of events:-

1. Students Benefited for Getting Knowledge about new preparation formulation of Ayurvedic Drugs.
2. Total – 142 students and Staff Benefited

Activity Report: Guest Lecture on Vertigo

Title of Event Activity	:	Guest Lecture on Vertigo
Name of Resource Person	:	Dr. Santosh Kulkarni MBBS, MS – ENT, Director - Soham Hospital Kolhapur
Organizer	:	Department of Shalakyatantra. Hon. Shri. Annasaheb Dange Ayurved Medical College & Post Graduate Research center, Ashta.
Venue	:	Auditorium, ADAMC Ashta.
Date	:	28/07/2023
Duration	:	01 Day

Abstract:

On 28th July 2023, a guest lecture on the topic of "Vertigo" was conducted at ADAMC Ashta by Shalakyatantra Department. The lecture was delivered by Dr. Santosh Kulkarni sir, an expert in the field of ENT. The event was well-attended by a total of 401 participants, including Teachers, PG students, hospital staff, and students

Aim & Objectives:

Aim: To provide comprehensive knowledge about vertigo and its management, fostering a better understanding among the audience about this medical condition.

Objectives:

1. Enhance medical education: Offer valuable insights beyond textbooks and classroom lectures to students and postgraduate students.
2. Promote evidence-based practice: Present the latest research and treatment modalities to teachers and hospital staff, encouraging evidence-based approaches in vertigo diagnosis and management.

Breakdown of Attendees:

Teachers	: 61
Hospital Staff	: 110
PG Students	: 20
UG Students	: 210
Total	: 401

Event Details:

The guest lecture on Vertigo commenced at the scheduled time 10:45 am and took place in the Auditorium at ADAMC Ashta. Felicitation of Dr. Santosh Kulkarni sir done by Director of ADAMC Dr. ARV Murthi sir, for this event incharge principal Dr. Sarfraj Landge sir was present. HOD of Shalakyatantra department Dr. Sujata Kate madam & Associate Professor Dr. Jayvant Kharat sir gave guidelines for proper management of event. Introduction of Dr. Santosh Kulkarni sir given by Dr. Sagar Kumbhar. Dr. Santosh Kulkarni sir began the lecture by providing an introduction to the topic, explaining the causes, symptoms, and types of vertigo. Sir shared valuable insights into the diagnosis and management of vertigo, including the latest advancements in treatment methods.

The lecture focused on different types of vertigo, such as peripheral and central vertigo, and explained their distinguishing features. Dr. Kulkarni sir shared practical insights into managing vertigo, including the role of physical therapy, medications, and lifestyle modifications.

Interactive Session:

Following the lecture, an interactive session was conducted, allowing the attendees to ask questions and clarify their doubts. The session proved to be fruitful, with participants engaging actively and seeking further information on specific aspects of vertigo.

Feedback:

The participants appreciated the clarity and depth of the lecture. Many students found the content relevant to their medical studies and expressed their gratitude for the opportunity to learn from such an esteemed resource person. The teachers and hospital staff also acknowledged the importance of understanding vertigo for their professional practice.

The PG students, in particular, found the lecture to be a valuable addition to their knowledge and appreciated the practical insights & maneuver demonstration shared by Dr. Kulkarni. The event's overall organization and management were also commended, ensuring a smooth and productive session. Vote of thanks given by Dr. Pournima Fasale madam & post lecture management of done by Dr. Madhuri Tirmare & Mr. Avinash Mengane.

Conclusion:

The guest lecture on vertigo by Dr. Santosh Kulkarni was a resounding success, attracting a significant number of participants. The event not only enhanced the knowledge of attendees but also fostered a positive learning environment, encouraging further engagement in medical discussions and research.

We extend our gratitude to Dr. Santosh Kulkarni for his valuable contribution and expertise in enlightening the audience about vertigo. We look forward to organizing more such informative events in the future to benefit our students and staff alike.

Key Outcomes and Achievements:

1. **Enhanced Understanding of Vertigo:** The lecture provided a comprehensive and clear understanding of vertigo, its causes, and its various types (peripheral and central). Attendees gained valuable insights into the symptoms and risk factors associated with vertigo.
2. **Awareness of Diagnostic Methods:** Dr. Santosh Kulkarni elaborated on the diagnostic methods used to identify and differentiate various types of vertigo. This knowledge empowered the audience to recognize and assess vertigo cases more effectively in clinical settings.
3. **Insights into Management Strategies:** The lecture discussed evidence-based management approaches for vertigo, including physical therapy, medication options, and lifestyle modifications. The attendees learned about the importance of timely treatment and the potential impact on patient outcomes.
4. **Interactive Q&A Session:** The interactive session after the lecture allowed attendees to seek clarifications, ask questions, and engage in fruitful discussions. Dr. Santosh Kulkarni addressed their queries, ensuring a more comprehensive understanding of the topic.
5. **Positive Feedback:** The lecture received positive feedback from the audience, indicating their appreciation for the expertise and presentation style of Dr. Santosh Kulkarni. Participants expressed gratitude for the opportunity to learn from an accomplished specialist.

NAME OF DEPARTMENT:- Kriya Sharir

YEAR:- 2021-2022

EVENT / ACTIVITY REPORT

Title of Event / Activity:- "GUEST LECTURE"

Date:- 18th August 2022.

Time:- 01.15pm to 02.15pm

Duration:- 1 Days

Venue:- 1ST Year BAMS classroom, ADAMC, Ashta

Objectives of event / activity:-

1. To enlighten the knowledge about Kriya Sharir.
2. To aware about Ayurveda pathophysiology.

Guest faculty with designation (Resource Person):-

1) Dr . Anil Patil (M.D. ,KriyaSharir.)

Prof. Dept. of Kria Sharir, K.C. Ajmera Ayurvedic Medical college, Dhule

Feedback taken:- Yes

Event / Activity report:-

On 18th August 2022 at 1st year classroom of ADAMC, Ashta, Dept. of Kriya Sharir organized a Guest Lecture on Thursday, 18th August 2022, under the guidance of Dr. Amit S. Pethkar sir(Principal, ADAMC, Ashta & HOD, Dept. of Kriya Sharir)

Programme was welcomed by Dr. Ashwini R. Patil (Associate Professor Dept. of Kriya Sharir) All faculties of Department of Kriya Sharir were involved in programme. 79 students of 1st BAMS were present. Dr. Anil Patil sir delivered the lecture on "Immunity" Dr. Amit S. Pethkar sir (Principal, ADAMC, Ashta & HOD, Dept. of Kriya Sharir) concluded the Lecture. Dr. Rajahamad G. Jamadar (Assistant Professor Dept. of Kriya Sharir) gave the vote of thanks.

Outcome of event:-

1. Student got good knowledge about the Immunity.
2. All stake holders were well satisfied and enriched with knowledge.

Feedback analysis:-

Students of 1st year BAMS has given feedback about lecture. And we got satisfactory feedback from students.

EVENT / ACTIVITY REPORT Date -02/03/2023

Title of Activity: Guest lecture on the Topic- 'Gender Sensitization'

Date 2nd March 2023
Duration : 1.00pm - 2.00pm
Venue : Third Year Classroom, ADAMC, Ashta
Guest Speaker **Mrs. Vaishalitai Dange B.Sc.MBA**

Objectives of Event/Activity:-

- Raise awareness about gender-related issues and challenges
- Promote a more inclusive and respectful environment

Introduction:- The guest lecture began with a warm welcome and introduction of the speaker

An overview of the importance of gender sensitization was provided, highlighting the need to challenge stereotypes and promote equality.

Report/ Description:-

The speaker delivered a comprehensive presentation on the topic of gender sensitization. The content included:

- Definition and understanding of gender, including the difference between sex and gender.
- Discussion on gender stereotypes and their impact on individuals and society.

To engage the participants actively, interactive sessions were conducted throughout the lecture. The participants were given an opportunity to provide feedback on the lecture through a feedback form.

Outcome and Impact:

The guest lecture on gender sensitization was well-received by the participants. It helped raise awareness about gender-related issues, challenged existing biases, and promoted a more inclusive mindset.

Total 163 students (Ph.D, PG, Internee, UG IVth Year (Batch 95 & 98) were participated.

The event anchored by Aishwarya Marathe (UG IVth Year student) in the presence of Vd. Amit Pethkar Sir - Principal and Programme President, Vd. Subhash Patki Sir - UG Co-Ordinator along with Vd. Vijay Dange Sir - Administrative Officer, Vd. Dattatray Nikam - IV Year Incharge.

The programme started with Dhanvantari Poojan & Stavan by Students. Welcome speech was delivered by Vd. Alaknanda Kulkarni mam' - HOD & Professor Panchakarma, Vd. Shankar Mane - Asso. Professor Panchakarma introduced Guest Speaker Dr. Chandrakumar Deshmukh Sir.

Dr. Chandrakumar Deshmukh Sir, who is disciple of Late Dhanvantari, Dr. R. B. Gogate Sir, Pune; enthusiastically spreading Dr. R. B. Gogate Sir's research all over India. Dr. R. B. Gogate Sir profoundly researched on Sushruta Samhita and established new protocol for Agnikarma & Viddhakarma in present era. Dr. Chandrakumar Deshmukh Sir, extensively and keenly explained about Agnikarma & Viddhakarma and its clinical application in practice. The Guest speaker started their lecture with successfully treated case in ICU (Intensive Care Unit). In First part Sir explained different types of Shalaka used for Agnikarma and various needles for Viddhakarma according to site and diagnosis. In later part, Sir explained successfully treated cases like Avabhauk (Frozen Shoulder), Autisim, Sub-Conjunctival Haemorrhage, Vatavyadhi, Timir, Infertility (Vandhyatva), Delayed Milestone, Khalitya, Badhirya etc. different conditions. Vote of Thanks was delivered by Vd. Archana Wadkar- Asso. Professor Panchakarma. The programme ended with Pasayadan.

Feedback was taken from students about Workshop, on points such as; usefulness to enhance your practical Knowledge, for professional achievement & interest, interested in attending future workshop, like demonstration & presentation of Agnikarma & Viddhakarma, to enroll Agnikarma & Viddhakarma in your practice and lastly Overall Organization

Agnikarma & Viddhakarma in your practice and lastly Overall Organization of Workshop. Based on Feedback from students, Analysis Report stated that; Course output as Excellent by 92.6%, Good - 7.4%, Poor- 00% . Certificates were delivered to participants.

Outcome of event: -

This activity was helpful in importing knowledge and practical experiences were shared by Renowned Agnikarma & Viddhakarma Practitioner Dr. Chandrakumar Deshmukh Sir, in the form of PPT presentation with Interactive session. Students were able to know about Agnikarma & Viddhakarma and its clinical application. Many PG, Internee Students registered their names to study further. Agnikarma & Viddhakarma line of treatment included in practice by attended faculties. New special OPD for Agnikarma & Viddhakarma was suggested for Ayurvedic practice. Different Newspapers has given wide publicity for this event.

Event Activity Report

Name Of Department : Prasutitantra Evum Striroga

**Title of Event / Activity : Guest Lecture on
Role of Ultrasound in Obstetrics and Gynaecology**

Date: 14th July 2022

Venue: Auditorium (Hon. Shri. Annasaheb Dange Ayurved Medical College And Research Center, Ashta)

Time: 3.00pm to 4.00pm

Purpose and Objectives: The student will be able to understand Basic Knowledge about Ultrasound in Obstetrics & Gynaecology. This Lecture strengthens orientation about ultrasound Findings.

EVENT DETAILS :

A guest lecture on 'Role of Ultrasound in Obstetrics and Gynaecology' was organized by Prasutitantra evum Strirog Department of Hon. Shri. Annasaheb Dange Ayurved Medical College And Research Center, Ashta on 14th July 2022. The guest speaker for the lecture was **Dr. Shashikant Mane (MBBS, MD Radiology)**. Dr Mane has more than 7 years clinical experience. He is Consultant Radiologist at Swaranjali Diagnostic and Research centre, Ashta. In this celebration, Faculties of PTSR dept., other teaching Staff, PG and UG StudentS and Interns were there. Chief Guests and dignitaries were welcomed with flowers. An opening prayer and welcome song was sung by the college student.

Sant Dnyaneshwar Shikshan Sanstha's
**Hon. Shri. Annasaheb Dange Ayurved Medical College
& Post Graduate Research Center**
A/p : Ashta, Tal. : Walwa, Dist : Sangli – 416 301
Website : www.adamcashta.com E-mail : ashta.adame@gmail.com
NAAC Accrediated ISO Certified 9001-2015,14000-2015

During the lecture Dr. Mane gives detailed information on the practical aspect of the ultrasound examination in obstetrics and gynecology with technical details such as how to hold and orient the transducer, operate the ultrasound equipment and diagnose complex obstetric and gynecologic abnormalities.

He discussed about The introduction of ultrasound to obstetrics and gynecology has made tremendous impact to patient care as it allowed imaging of the fetus and placenta in obstetrics and maternal internal organs in gynecology with such clarity to allow advanced diagnosis and also to guide various life saving interventions. Understanding the physical principles of ultrasound is essential for a basic knowledge of instrument control and also for understanding safety and bioeffects of this technology Improving maternal health and child survival.

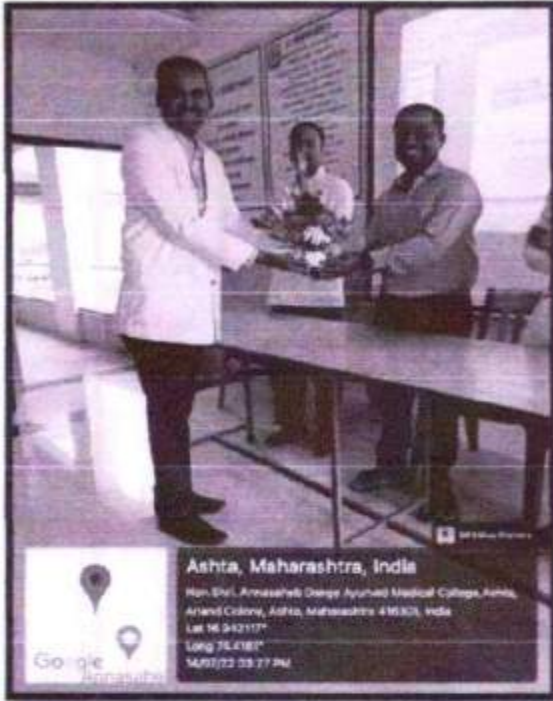

The session was very interactive and informative. Lecture was attended by 4 th year Students, PG Students, Interns along with faculty members. Students learned lots of things about Ultrasound.

Number of Participants: 150

Outcomes & Objectives Achieved:

1. The student understood Basic Knowledge about Ultrasound in Obstetrics & Gynaecology.
2. The students able to read the Sonography reports and can correlate clinical interpretation.

Description of Event: -

As per the routine Academic calendar of Panchakarma Department, Guest Lectures has been conducted regularly. For UG (IIIrd, IVth Year), Internee, PG Students; Guest Lecture arranged by Department of Panchakarma of Hon. Annasaheb Dange Ayurved Medical College & Post Graduate Research Center, Ashta; Tal: Walwa, Dist: Sangli, Maharashtra. It was organized in Auditorium, ADAMC, Ashta. The Guest Lecture duration was 1 hour, which was started from 11.00 am to 12.00 pm on 18/04/2022. Total 181 students (PG, Internee, UG IVth Year (12), UG IVth Year (98), IIIrd Year) were participated.

The event anchored by Vd. Aparna Admuthe in the presence of Principal Vd. Ashok Wali Sir along with PG Co-Ordinator - Vd. Jayavant Kharat & UG Co-Ordinator - Vd. Subhash Patki. The programme started with Dhanvantari Stavan by Students, followed by HOD Panchakarma, Vd. Alaknanda Kulkarni mam's Welcome speech. The introduction of Guest Speaker, Dr. Veena Kulkarni madam, given by Vd. Archana Wadkar.

Dr. Veena Kulkarni madam elaborately explained about Integumentary System and its applied aspect. Skin lesion types along with different examples were told, followed by cases successfully treated with Ayurvedic treatment. The Question - Answer session was interesting. The programme ended with Vote of Thanks by Vd. Shankar Mane.

Feedback was taken from students about Guest Lecture, on points such as; Knowledge & Information point of view, Subject content, Overall Organization & Effectiveness etc. Based on Feedback from students, Analysis Report stated that; Course output as Excellent by 52.5%, Good - 45.35%, Fair - 1.47%, Poor- 10.2% .

Event Activity Report.

Event:-Best Practice/Innovation

Title of Activity: - Organ Donation Campaign.

Duration : 03 Days

Venue : ADAMC, Ashta.

Objective of Event/Activity:-

- To assess students awareness amongst organ donation.
- To develop learning resources in students attitude.
- To give basic knowledge of organ donation campaign.

Description:-

Following events were held successfully in an organ Donation Campaign :

- Essay Competition : 14/08/2021
- Online Guest Lecture on Organ Donation by Dr. Dattatray Dombhe : 14/08/2021
- Extempore Speech : 15/08/2021
- Drawing competition : 16/08/2021

All competitions were held on online basis because of lock down. Students participation was satisfactory. And their contribution towards organ donation campaign was appreciated.

1. What is the correct order of staining reagents in Gram-Staining?

- a) Crystal violet, alcohol, iodine solution, safranin
- b) Crystal violet, iodine solution, alcohol, safranin
- c) Crystal violet, safranin, alcohol, iodine solution
- d) Iodine solution, crystal violet, alcohol, safranin

2. Which of the staining technique helps in demonstrating spore structure in bacteria as well as free spores?

- a) Acid-fast stain
- b) Endospore stain
- c) Capsule stain
- d) Flagella stain

3. Which of the following is the example of Gram-negative bacteria?

- a) Lactobacillus
- b) Eschericia coli
- c) Staphylococcus aureus
- d) Bacillus subtilis

4. In simple staining, the colour of Cocci is

- a) Blue b) Red c) Colourless d) Pink

5. In acid fast staining, the counter stain is

- a) Methylene blue (b) Alcohol c) Crystal violet d) Carbol Fuchsin

6. Example of acid fast bacteria is

- (a) Straphyllococcusaureus
- (b) E. coli
- (c) Mycobacterium tuberculosis
- d) Salmonella typhi

7 .The acidic stain does not penetrate the bacterial cells because of.....

- a) Positive charge on surface of bacteria
- b) Negative charge on surface of bacteria
- c) High lipid contain in bacterial cell
- d) Low lipid contain in bacterial cell

8 Negative staining has advantages over positive staining because.

- a) It gives better results
- b) Heat fixation is not required
- c) In negative staining basic stains are used
- d) It is differential staining technique

9 Dimorphism is characteristic of _____

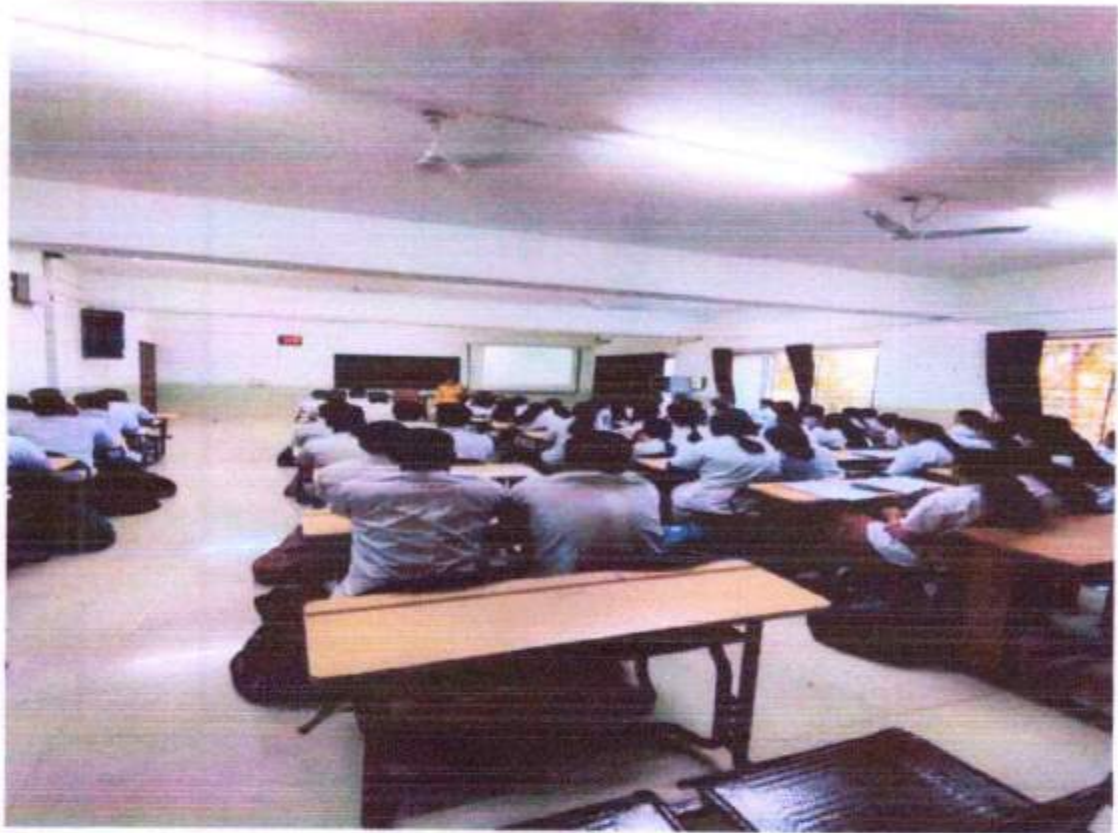

- a. Bacteria
- b. Protozoa
- c. Fungi
- d. Algae

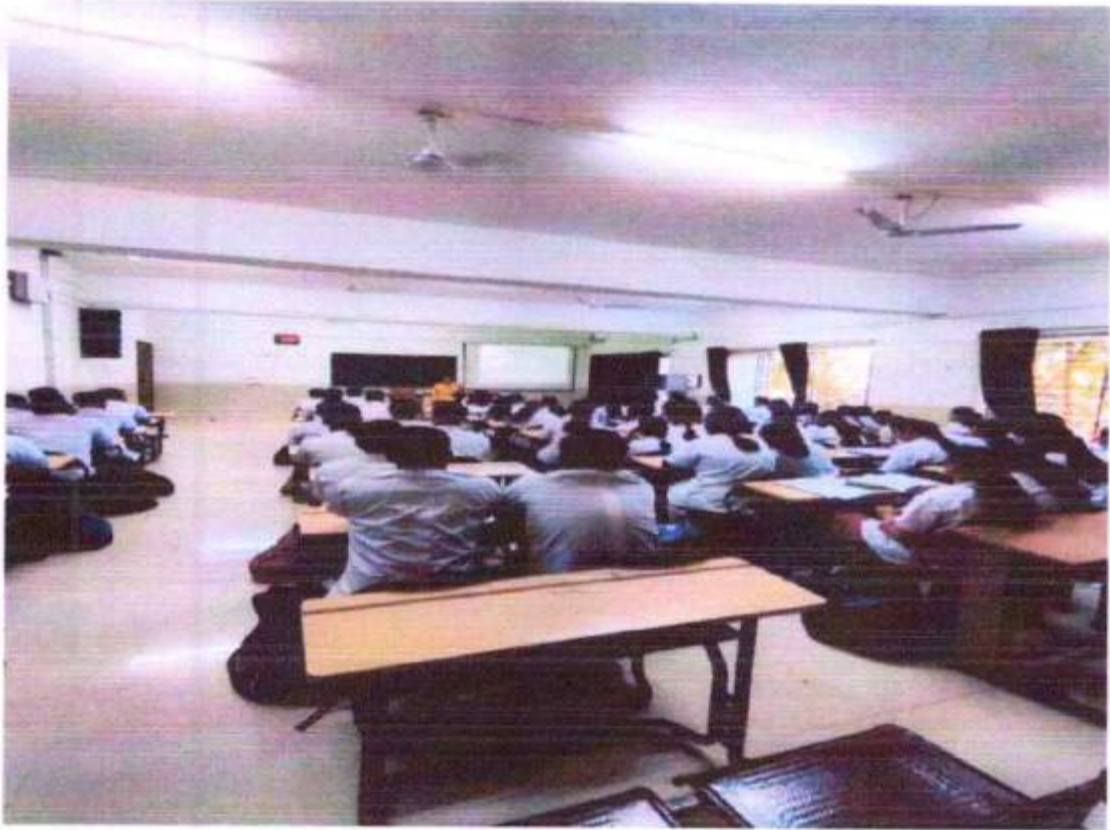

10 Which of the following would not be effective in treatment of fungal infections?

- a. Nystatin
- b. Sulpha drugs
- c. Amphotericin B
- d. Ketoconazole

**NAME OF DEPARTMENT: - RASASHASTRA AND BHAISHAJYAKALPANA
YEAR:-2020-2021**

ACTIVITY REPORT

Title of Activity: - Guest lecture on Semisolid Dosage forms for External Application

Date: 19-03-2021

Time: - 11.30 to 12.30 pm

Duration: - One hour

Venue: - II BAMS Classroom, ADAMC, Ashta

Objectives of activity:-

- To give basic knowledge of Formulations for External Application
- To give knowledge of Ointments, Creams, Lotions, Emulsions and Gels.

Description:-

Guest lecture was organized by Department of Rasashastra and Bhaishajyakalpna.

The guest speaker was **Mrs Sneha Jagtap**, Assistant Professor Department of Pharmaceutics, Annasaheb Dange College of B Pharmacy, Ashta. In this lecture all types of formulations for external use were taught by the Guest speaker. The ingredients, manufacturing processes of various Ointments, Creams, Lotions, Emulsions, and Gels were elaborately discussed.

Total 67 II year BAMS students and 04 Teaching and Nonteaching staff members attended this guest lecture.

Feedback taken: - Yes

Outcome of event:-

This Guest lecture was helpful for students in understanding concepts of basic formulations useful for external application. The students understood various examples of Ointments, Creams, Gels, Lotions, their manufacturing process along with their pharmacology.

List of documents attached: - (mark if available)

1. Permission letter from Director / Principal
2. Notice/Invitation /Attendance Letters/Plan of Event
3. Attendance list of students and teachers
4. Photos of event
5. Feedback form (Sample)
6. Feedback analysis data
7. Details of guest faculty (if applicable) – Invitation letter, Attendance letter, Bio-data, Incentives details

Event Activity Report.

Event:-**Guest Lecture Personality Development**

Title of Activity: - Guest Lecture on Personality Development.

Duration :-3 hours

Venue :-Auditorium, ADAMC, Ashta.

Objective of Event/Activity:-

To access the current moral values of students.

To develop the personality of student as a future Doctor.

To implement the basic values of society development amongst students

Description:-

Institute has constantly arranging guest lectures for students in order to improve their clinical knowledge. The Guest lecture for Kriya Sharir Department was arranged on 14/11/2019 at Auditorium, ADAMC, Ashta Lecture started at 11:00 am.

Following important points were discussed by Mr. Vasant Rao Hankare Sir.

- Moral values of human being
- Behavior of students towards patients during their academics in hospital

Sacrifices of doctor towards society.

Expectations of society from doctors

Role of doctors in pandemic situations like flood

The session was so informative and indeed motivating to students. Mr. Vasant Rao Hankare is not only a good speaker but also a motivational guide, and a pioneer in the field of career development. The information given by him was really helpful for students. Whole session was completed with really funny environment.

The lecture ended with Question-Answer session with clarification of all doubts of students.
Honorable guest felicitated by Principal Sir with flowers with commitment of all kind of support
regarding Personality development in future.

for felicitation

Event Activity Report.

♣Event:-Guest Lecture Personality Development.♣

Title of Activity: - Guest Lecture on Personality Development.

Duration : - 3 hours

Venue : - Auditorium, ADAMC, Ashta.

Objective of Event/Activity:-

- To access the current moral values of students.
- To develop the personality of student as a future Doctor.
- To implement the basic values of society development amongst students.

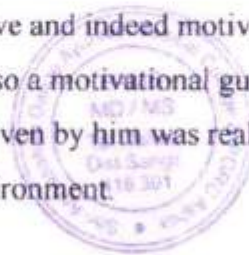

Description:-

Institute has constantly arranging guest lectures for students in order to improve their clinical knowledge. The Guest lecture for Rachana Sharir Department was arranged on 14/11/2019 at Auditorium, ADAMC, Ashta. Lecture started at 11:00 am.

Following important points were discussed by Mr. Vasant Rao Hankare Sir.

- Moral values of human being
- Behavior of students towards patients during their academics in hospital
- Sacrifices of doctor towards society.
- Expectations of society from doctors
- Role of doctors in pandemic situations like flood .

The session was so informative and indeed motivating to students. Mr. Vasant Rao Hankare is not only a good speaker but also a motivational guide, and a pioneer in the field of career development. The information given by him was really helpful for students. Whole session was completed with really funny environment.

NAME OF DEPARTMENT:-PG, INTERNEE STUDENT, STAFF NURSE,

YEAR:-2019

EVENT / ACTIVITY REPORT

Title of Event / Activity:- Bio ethics

Date:-30/04/2019

Time:-2pm to 4pm

Venue:-Auditorium

Duration:- 30/04/2019

Objectives of event / activity:-

- To understand importance of bio ethics.
- Principal of bio ethics, Ethics code

Guest faculty with designation (if applicable):-

Dr.Gorakh Mandrupkar,Islampur(MBBS,DGO,MBA)

Feedback taken:- Yes / No: Yes (verbal)

Description:-

Medical ethics involves examining a specific problem, usually a clinical case, and using values, facts, and logic to decide what the best course of action should be.

Some ethical problems are fairly straightforward, such as determining right from wrong. But others can also be more perplexing, such as deciding between two "rights"—two values that are in conflict with each other—or deciding between two different value systems, such as the patient's versus the doctor's.

Outcome of event:-All understood the code of ethics. , medical ethics is concerned with promoting health and medicine and clarifying norms for improving relationships between patients and physicians

MMR VACCINATION (GUEST LECTURE)

This is a vaccine against Measles, Mumps and Rubella.

The first dose is generally given to children around 9-15 months of age.

Second dose at 15 months to 6 years of age with at least 4 weeks gap between the two doses.

After 2 doses, 97% of people are protected against Measles, 88% against Mumps and 97% against Rubella.

The vaccine is also recommended in those who do not have evidence of immunity; those with well controlled HIV, AIDS and within 72 hrs of exposure to Measles among those who are incompletely immunised.

It is given by injection.

Side effects:

Side effects are generally mild and go away without specific treatment.

These include-

- Fever
- Pain
- Redness at the site of injection
- Severe allergic reaction

The MMR vaccine is not recommended during pregnancy but may be given while breastfeeding.

The MMR vaccine is a mixture of live weakened virus of the three diseases.

NAME OF DEPARTMENT:-BALROG

YEAR:-2018-2019

EVENT / ACTIVITY REPORT

Title of Event / Activity:- **Lecture on Measles and Rubella Vaccination Campaign- November 2018**

Date:- 06/10/2018

Time:- 12pm-1pm

Duration:-one hour

Venue:- Hon. Annasaheb Dange Ayurved Medical College, Ashta.

Objectives of event / activity:-

- To spread the awareness and need of this vaccination and the serious complications if neglected.
- Every year in India nearly 2.7 million children get measles, and those who survive suffer from serious complications including diarrhea, pneumonia and malnutrition.
- Rubella transmission is also highly prevalent in India. Every year over 40,000 children are born with birth defects caused by Congenital Rubella Syndrome.
- The campaign aims to rapidly build up immunity for both Measles and Rubella in the country so as to knockout the disease. Therefore all children between the age group 9 months to 15 years should receive vaccine during this campaign.
- The campaign aims to spread awareness about this vaccine as well as to benefit all children with this vaccine and eradicate them completely.
- To recognize the signs and symptoms of measles and rubella and its management by vaccine and symptomatic treatment..
- To prevent the occurrence of these diseases and promote healthy development of all children.

Guest faculty with designation (if applicable):-

DR. Saket Patil

MBBS

T.H.O. Walwa.

Event / Activity report:-

Lecture on Measles and Rubella vaccination campaign November-2018 was arranged by Balrog department of ADAMC, Ashta and Dhanvantraai Rughalaya on 06 November 2018.

This lecture was conducted for general awareness on the importance of vaccinating children with measles and rubella vaccine. Its advantages and disadvantages were discussed and more and more people were encouraged to take benefits of this campaign. Total 33 4th year BAMS students attended this lecture along with 6 faculty members who are as mentioned below-

1. Dr Reshma Dhere (Balrog dept.)
2. Dr Sunil V. Chavan (Agadtantra)
3. Dr. Rupali Patil (Kayachikitsa dept.)
4. Dr Shraddha Sandip Shelke (Rasashastra dept.)
5. Dr Pournima V. Fasale (Shalakyatantra dept.)

Outcome of event:-

This lecture was helpful in imparting knowledge about the importance of vaccination and the long term disadvantages of not giving the vaccines.
