'Swachhta Hi Seva Pledge'

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.

Mahatma Gandhi secured freedom for Mother India.

Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time for this.

I will devote 100 hours per year, that is two hours per week, to voluntarily work for cleanliness.

I will neither litter nor let others litter.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today.

I will Endeavour to make them devote their 100 hours for cleanliness.

I am confident that every step I take towards cleanliness will help in making my country clean.

Outcome:-

- 1) Participants understood Importance of Cleanliness.
- 2) Awareness about Cleanliness was created.

At the beginning of awareness program Dr.Hemalata Kore Gave information about Voter Awareness Campaign as well as importance of this awareness program. Then Mr. Saugandh Thorat Assistant Prof. ADAMC, Ashta.conduct awareness program regarding creating awareness for voter Enrolment among students. He promote all our Students to vote and make an informed decision during the elections .That was very informative program. Also we collect all the information about students Enrolled for voter id or have voters id from 1st ,2nd , 3rd , 4th BAMS.

At the end of the visit Dr. Hemalata Kore gave vote of thanks. To our Professors. For giving such useful information to our Students.

Outcome of event: In democracy, it is not simply enough to inform voters about election dates. In order to help the electorates take an informed decision, it is quintessential to sensitize them about the importance of participating in the electoral process. Moreover, voters need to be educated about the process and made aware of the political parties, their manifestos, backgrounds of the contesting candidates and armed with several other information to help them cast an 'enlightened' vote.
