<b>14.Does the Institution have Management Information System?</b>	<b>Yes</b>
<ul style="list-style-type: none"> <li>If yes, give a brief description and a list of modules currently operational</li> </ul>	
Institute has MIS in different modules like SMART SCHOOL LMS, Library Software OPAC for library Administration, Tally Software for Accounts and AYUSOFT for Hospital Administration.	

**SMART School MIS System :**

SMART SCHOOL MIS Contains the modules Student attendance System, Syllabus coverage system, Administrative office, Student Information system, Faculty information system, Alumni system, and Leave Management System. More user-friendly screens along with precise information across all modules. An interactive Mobile App for this system is created to ease the process of Faculty, staff, students, and parents while customizations and advancements have been addressed as and when required. Push Notifications, Student Attendance marking as per the timetable schedule for Teaching Faculty, Grievance requests for Students & Leave management system are available.

**E Granthalaya:** Library administration of E Granthalaya with OPAC software is available to issue & return books & journals, acquisition, check stock verification, processing of books and journals, circulation, serial control, barcoding, E- clipping books and journals in the library.

**Tally Software:** Updated Tally software has been used in the accounts section as well as Smart school MIS is used for receipts and payments

**AYUSOFT Hospital software:**

For hospital administration, this is used for patients information systems, record keeping (OPD & IPD) , and data Management.

**Online Platforms :**

Online Webinars with ZOOM Webinar Platform LIVE Sessions and Live Interactions with Consultants and posting the same in ADAMC Social Media. Regular update of ADAMC Social Media pages with Events, Health Tips, Achievements, Placement, etc.is done.

**OTD Platform of MUHS:** Faculty Profile is updated regularly on the Online teacher database Platform

**Feedback through LMS & Google forms:** Feedback forms for students, Faculty, and on Curriculum and Patient feedback and appraisal forms are updated and reports are generated. Developed Registration forms with feedback forms are a gateway for in-house conferences/workshops from faculties.

#### Whatsapp Groups:

Social media is a convenient tool for connecting stakeholders, so the institute creates per program, per course WhatsApp groups of faculty, students & parents to convey information as earliest.

#### 15.Multidisciplinary / interdisciplinary

Various faculties of institutes have adopted the outcome-based curriculum. This curriculum offers discipline-specific and generic electives across different constituent colleges to promote interdisciplinary learning in the same campus.

Multidisciplinary research projects, Guest lectures, Patient care, Health camps, Serology, Hematology camps, and blood donation camps are regular through the involvement of multidisciplinary streams on the campus.

Students of Ayurveda are trained through a multidisciplinary approach on patient-oriented education to improve their communication skills and interpersonal relationship is offered to evolve as competent Ayurveda professionals

The entire curriculum for this program has been designed toward holistic wellness. Hence students learn from the experts in the field the nuances and patient-centric approach along with working in a team towards quality patient care and their health outcomes. They also learn experiential learning skills and entrepreneurial skills. This training enables the students to become work-ready and world ready.

MoU with several institutions and industries has empowered and enabled the student exchange and faculty exchange that able to learn from experts through real-life experience as well. Institute has designed and developed several elective courses to encourage students to opt for other disciplines as well. These electives are provided through SWAYAM/NPTEL portals.

The institution also offers a number of value-added courses & add-on courses to support interdisciplinary learning.

#### 16.Academic bank of credits (ABC):

Institute is already registered under the NAD Digilocker facility through which degree certificates etc. are being uploaded by students & faculties. The university offers a variety of programs, several of which come under statutory bodies such as NCISM, AYUSH, MUHS, etc. Institute is developing a policy for

integrating NEP, to facilitate the adoption of ABC at ADAMC. The committee has recommended that the institute will have to adopt ABC, especially for students enrolled after 2021. However, college council-regulated courses will require the permission of the respective councils. It has been suggested to work with a few selected programs as a pilot. These programs will have to be reframed in the NEP format so that the Academic Banking of Credits can be enabled. Further, this would require academic and administrative reforms to be fast-tracked that is underway.

Students are registered for Digilocker & Academic bank of Credit. Identity cards were generated through this from the year 2021-22.

Through the ABC, students get benefited to get credit scores and transfer to institutes with the permission of NCISM & AYUSH Council.

Each day of college starts with Dhavantari Stavan & "Ayurvedic Dhupan"

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Institute has a well-defined curriculum development policy and processes to ensure alignment of all program /course outcomes in alignment with national and global health needs as per the norms of Statutory and Regulatory bodies like NCISM, AYUSH, and affiliation of MUHS.

The graduate attributes are also synergized with the curricular framework in line with the vision and national needs. Course outcomes are derived from core competencies prescribed by the regulatory bodies and are mapped with program outcomes. The institution follows a three-tier system of curriculum development comprising of a collection of feedback from various stakeholders at the first level followed by enriching the curriculum by members of Boards of Studies and then approval by the Academic Council. It ensures quality assurance in meeting program /course outcomes.

The Stakeholder's feedback on curricular aspects and their analysis serve as a quality measure. The outcome analysis of the course and program outcomes is based on formative and summative evaluations. The attainment of program outcomes is based on this programmatic assessment that assesses all domains of learning - Knowledge, Skill, Attitude, and Communication & Analysis. The theory component assesses the attainment of the knowledge domain while the hands-on sessions assess the other domains of learning. We have defined specific attainment levels based on performance

in the continuous internal assessments and examinations.

Methods of assessment of learning outcomes and graduate attributes:

The Institution has a set a method of measuring program outcomes (PO), program-specific outcomes, and course outcomes (CO) that ultimately improve the education quality of the college and graduate outcomes. This is attained by taking inputs from the faculty, students, alumni, industry, and professional bodies linking to the positive outcomes.

The attainment is calculated by direct and indirect methods.

Direct method

1. The listed program outcomes and course outcomes are gathered for different courses.
2. The target levels are set.
3. Calculations are done for the attainment of course outcomes to program outcomes.
4. Each CO is mapped to PO to make a (CO-PO) matrix.
5. The Attainment of course outcome is calculated by using the formula: Attainment, of Course, = 90% (Attainment Level in Final Exam.) + 10% (Attainment Level in Internal Assessment Exam)
6. Assessment-CO matrix is produced for each individual course.
7. The attainment level for course outcomes are defined as follows:
8. Level 1: 40% students scored more than university average. Level 2: 50% students scored more than university average. Level 3: 60% students scored more than university average. Level 4 : 70 % students scored more than university average Level 5 : 80 % students scored more than university average
9. The average of the attainment values of courses are then used in calculation of program outcome attainment
10. The attainment of program outcome is done by using the following formula; Attainment of program outcome = 90% (avg. attainment by direct method) +10% (avg. attainment by indirect method.)

The indirect attainment method:

In this method feedback for all Program Outcomes and Program,

Specific outcomes are taken from the alumni and employers and this is incorporated in the formula for the calculation of program outcome attainment. The score of attainment by the indirect method is 20% in the calculation of program outcome attainment.

The attainment level for program outcome is defined as follows:

Table No 1: attainment level for program

Program outcome	Target Attainment level
Level 1	0.5 > 1.0
Level 2	1.0 > 1.5
Level 3	1.5 > 2.0
Level 4	2.0 > 2.5
Level 5	2.5 > 3.0

The whole exercise is done for continuous quality improvement of the college. Based on the attainment values the teaching-learning policies are modified and improved.

Results were obtained, analysis was done and CO attainment was calculated. The levels of attainment were fixed as

Level 1: > 40%

Level 2: > 50%

Level 3: > 60%.

Level 4: > 70%

Level 5: > 80%

In the batch 2020-21 ,

The average Programme Outcome Level For UG Students Is 3.73 And the Targeted Achievement Level Is 4. in the batch 2020-21

The average Programme Outcome Level for PG Students Is 4 and Target Level Is 5 in the batch 2020-21

so remedial measures are taken to achieve the target level such

as Interdisciplinary guest lectures, MOUs with Academia Industry, Intertrenship programmes, skill development programmes, Project-based learning, Participative learning, Case-based learning, and Experiential learning .

## **20.Distance education/online education:**

Institute has established Learning Management System individually for the College (<https://adamc.smartschool.com> ) since 2017. The teaching materials are uploaded in the LMS. Synchronous online lectures were conducted using zoom meet and embedded within LMS. Course learning outcomes are assessed through online assignments, MCQs and tests. This facilitated to provide a learning environment to the students during the pandemic and helped them to complete the academic session successfully.

### **Objectives of the Practice:**

1. To provide an environment for online access of teaching material to the students
2. To train faculty members in developing and delivering e-content
3. To augment infrastructure for maintenance of the LMS and other software used for Delivering online courses.
4. To introduce Lecture classes and practical (demonstration) sessions in synchronous (using Google meet) and asynchronous mode.

To introduce the credit transfer system for students who take elective courses from NPTEL, Coursera etc. Institutional preparedness during COVID period in Education institute adopted a systematic way of handling the academic sessions including examination during the COVID situation for seamless teaching learning process.

The teachers were trained to handle the online mode of teaching by conducting many in house training sessions. The teaching materials are uploaded in the LMS.

**Faculty Capacity Development:** Around 90% of the faculty members are trained in developing and delivering e-content. Video tutorials are developed and hosted in institute's portal to train the faculty members. The online learning committee of the

Institute conducted regular training sessions during the lockdown period.

**Organizational support:** Institute has an online learning committee to oversee the online teaching learning. Institute has a policy on online learning and e-content creation. IT wing of the Institute maintains the LMS and other software used for delivering online courses. **Implementation of online education:** (especially during the Pandemic) Lecture classes and practical (demonstration) sessions were taken in synchronous (using zoom meet) and Small group discussions, seminars, journal clubs were conducted by using the zoom platform. For all the online classes, the recorded videos of the lectures/practical demonstrations were uploaded on the LMS. Lessons, interactive learning modules, instant assessments in the form of quiz, discussion forum, MCQs, assignments and other resources to support the students in the acquisition of knowledge and skills were used through the LMS. This I covid pandemic happened across all the Faculties in the University, for both undergraduate and postgraduate students. Interns, postgraduates and the faculty were also kept abreast with current concepts by attending the series of national and international Webinars - 14 (using the zoom Webinar platform) organised by various departments, committees and fora. Uninterrupted teaching learning process occurred during the pandemic.

## 2.5 - Evaluation Process and Reforms

2.5.1 - The Institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation and ensures that it is robust and transparent

1. According to feedback assessment and strategic plan of institute, the institution prepares and displays the academic calendar and conveyed to each department as UG, PG, PhD separately academic calendars.
2. All the events are included and marked. The calendar is displayed on the notice board and website of the college.
3. A separate well established Examination Section is continuous in work for Internal Assessment and conduction of University Exams. Exam Committee finalizes dates for internal assessment and display time tables.
4. CIE schedule is marked in January and July for First term end examination and in April and October for second term. It is being implemented strictly except, a few cases with changes of a day or two in the schedule of the CIE.

Formative test (term end internal assessment) of 90 marks is conducted at the end of the term. Internal assessment also provides an opportunity for the teacher to identify the level of the learner and to take remedial measures.

Scores of the Term End Internal Assessment is part of the results of the summative examination, conducted by the University.

Students can easily approach the Teachers for query in Internal exam papers and ask for re-evaluation, re-totalling.

Provide a description on Grievance redressal mechanism with reference to continuous internal evaluation, matters relating to University examination for submission of appeals, providing access to answer scripts, provision of re-totaling and provision for reassessment within 100 - 200 words

The Institute has an Examination Cell as well as Institutional Grievance Redressal Cell, which can be approached by any student in case of any queries with respect to Internal as well as University examinations. Appropriate steps are taken by these cells to resolve student queries on time. Teachers of concerned subjects assist the students wherever necessary.

For Midterm and term end examinations, assessed answer-sheets are shown to students and concerned faculty members address the queries of the students. In case of any grievances revaluation of answer-sheets is done. In all internal exams, question paper is set by the respective department staff followed by evaluation of answer sheets and practical exam.

Continuous monitoring of the examination is conducted by CIE system.

For redressal of grievances in the examination process or discrepancy in marks, or results from both sides students as well as assessors have an option to apply for recounting or revaluation. Minor grievances if aroused has resolved on departmental level with significant justification.

There are many forms of assessment, and all of them involve student effort. That work can be Graded or ungraded.

Assessment can be

- Take a few minutes (spot exams and Viva voce) or it can take weeks (projects).
- Ask students to demonstrate understanding or skills acquired (through writing),
- Evaluate the creation of a product or presentation (assignments),
- Review the ability to successfully accomplish some tasks (projects).
- Ask students to demonstrate their understanding (Clinics).

The process of assessing learning outcomes is a mean to improve learning by making changes in teaching. It therefore, becomes essential to communicate outcomes to the faculty and students through different means like website, brochures, etc.

2.6.3 - The teaching learning and assessment processes of the Institution are aligned with the stated learning outcomes. Provide details on how teaching learning and assessment processes are mapped to achieve the generic and program-specific learning outcomes (for each program) within 100 – 200 words

Teaching requires assessment of student understanding in the light of learning outcomes. Assessments should reveal how well students have learned what the institution wants them to learn. In order to achieve this, assessments, learning objectives, and instructional strategies have been closely aligned so that they support one another.

The goal of assessment is to transform the institution into one which creates the best conditions for learning, encourages best practices, and inspires creativity and innovation.

Learning outcomes assessment is a way of thinking about the quality that comes from our willingness to continually examine, question, and, as necessary, alter what we do as an educational institution. There are many forms of assessment, and all of them involve student effort. Assessment can

1. Take a few minutes (spot exams) or it can take weeks

(projects).

2. Ask students to demonstrate understanding or skills acquired (through writing),
3. Evaluate the creation of a product or presentation (assignments),
4. Review the ability to successfully accomplish some tasks (Research projects (Link is attached herewith: (<https://www.adamcashta.com/Downloads/DownloadsFile1543.pdf>)).
5. Ask students to demonstrate their understanding as individuals or as members of a group (Departmental Seminars).

2.6.4 - Presence and periodicity of parent-teachers meetings, remedial measures undertaken and outcome analysis. Describe structured mechanism for parent-teachers meetings, follow-up action taken and outcome analysis within 100 - 200 words

A parent-teacher meet is an opportunity to share the student's academic progress and growth based on classroom observations, tests, assignments, and projects. The college gets to know from the parents / guardians information about students' strengths, needs, behaviors, and learning styles. Enrichment or intervention strategies to support students' learning can be done and discuss issues that may be interfering with students' learning and growth.

- The focus of parent-teacher meetings is learning, but it is also important to discuss factors that can affect learning, such as students' behavioral and social development, peer relationships, classroom behavior, motivation and work habits, as well as students' strengths and challenges. With these objectives the college arranges parents meeting annually for all years of undergraduates.
- Parents of newly admitted students are especially called during induction program, Shishopanayaniya Samskar, through which they are informed about the vision, mission and

learning objectives of the institution. They are also acknowledged about the expectations of the institution from the students.

- Feedbacks are taken in prescribed formats for further developments / improvements. Some parents give their feedbacks orally through their speeches which are also considered for remedial measures. The feedbacks are analyzed and the outcomes are well thought-out for further actions.

4.3.5 - In-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students (data for the academic year) Describe in-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students data for the preceding academic year within 100 - 200 words

Institutional Library had conducted "Library Orientation" program for all users & "Library Tour and Library Orientation" for FY Ayurveda students. Library tour helps to introduce library and library facilities. Librarian informs about library facilities i.e. Library collection, Library Timing, Reading Room Facility, Book Bank, Digital Library, E-resources, and appeal the students to utilize library extensively.

In order to improve the teaching and learning updated information is required. The library adopted a well-defined policy to accumulate reading materials. The following steps are adhered to:

1. Preparation of the budget with Library Advisory Committee including infrastructure and resources to ensure purchase of reading materials
2. The library regularly entertains requisitions for books, journals, magazines and other reading materials from staff and students and tries to acquire the same at the earliest.
3. The catalogues are demanded and received from various book publishers. They are circulated to the concerned departments. The books for purchases are recommended and they are placed on approval through local vendors for selection by the staff.
4. Once the proposed books are received the faculty members review and then the order is placed for the same
5. The current titles purchased by the library are regularly displayed in library, faculty room and students notice board for their references.
6. Library receives books on approval from local vendors on regular basis.
7. The library conducts the books fair and exhibition.

## 6.2 - Strategy Development and Deployment

6.2.1 - The Institutional has well defined organisational structure, Statutory Bodies/committees of the College with relevant rules, norms and guidelines along with Strategic Plan effectively deployed. Provide the write-up within 100 - 200 words

Institution has well defined organizational structure. The norms, rules and regulations are followed and stated in the "Institutional code of conduct" as per guidelines of MUHS & NCISM and provided in the additional link to the SSR.

Every year, stakeholder's feedback has been analyzed & implemented for further perceptive strategic plan. Strategic plan and further action plan has been revised and restructured according to need of stakeholders. Academic, administration and hospital management has been carried out according to action plan. For this, proper governance has been implemented through statutory and non-statutory committees. Similarly committees (<https://www.adamc.ac.in/Downloads/DownloadsFile2049.pdf>) are formed for harmonious conduction of all programmes. For administration, LMC and College council committee are working. For hospital administration, medical superintendent and other committees are working well.

1. LMC
2. College Council
3. Student Council
4. Vishakha (Women Grievance Reddressal Cell)
5. Anti Ragging Committee & Anti Ragging Squad

The main objective of the academic committee is to oversee the academic affairs of the college and make recommendations to the Principal about academic programs and strategic priorities. The members of the committee sit together at regular intervals of time to develop the ways and means to ensure that quality teaching-learning process should remain of the topmost priority.

Ayurveda is in Sanskrit language which has a scientifically structured grammar. Hence, it is essential to learn Sanskrit for proper understanding of classical texts. Additional efforts made by institution to facilitate Sanskrit learning are :

1. Surabharati Sanskrit Sambhashan Varga is implemented for the students of 1st B.A.M.S. for 33 days. Additionally, 1 hour of every day is allotted for course. Pronunciation and construction of simple sentences, grammatical part etc. are taught.
2. Samhita Vachan: Students are encouraged for the Samhita vachan competition which is conducted on the occasion of Charak Jayanti. Ranking is given after assessment.
3. Shloka Pathan competition is conducted on the occasion of Charak Jayanti. Rhythm, fluency, pronunciation, no.of shloka recited are considered for competition.
4. Participation in Shloka competition: Students are encouraged to participate & have achieved good rankings at Local and National level shloka competition.

**Outcomes:** At the end of the programme, student is able to:

1. Pronounce & write Sanskrit words properly.
2. Read, Create & Translate Sanskrit sentences into Marathi/English.
3. Communicate in Sanskrit in course of Ayurveda

Samhita siddhant department has a separate unit of Prachya vidya dalan where students are benefitted with the recitation of ancient manuscripts & rare books.

### **8.1.3 - Promotion of seasonal Panchakarma and implementation of lifestyle modifications including Kaumarapanchakarma**

8.1.3.1 - Seasonal Panchakarma: Describe the steps taken by the Institution to promote Seasonal Panchakarma including both Vasantika Vamana and Sarada Virechana and life style modifications through the principles of Ayurveda within 100-200 words

#### **Seasonal Promotion of Panchakarma**

For Swasthya Rakshan purpose, Panchakrama department has started 03 Seasonal Panchakarma camps since 2015.

#### **Objectives :**

1. To create awareness about Shodhan & Swastha.
2. To spread the benefits of Seasonal Panchkarma.
3. To enhance practical applicability to the students.

**Approach :** People are approached through medical camps, social talks with different forums, classical practices in OPD.

## Evidence of Success:

Year	Number of activities to promote seasonal panchkarma	Number of seasonal panchkarma activities performed		
2021	03	03		
2022	03	01		

Year	Vaman			Virechan			Basti

2021	4	11	15	25	18	43	93	24	117
2022	11	13	24	-	-	-	-	-	-

During the post covid era, it was difficult to convince people for shodhan karma. Counseling sessions and pamphlets were distributed. Trividha karmas were strictly conducted under the observation of concerned staff and students. To follow Pariharya vishaya special guidance was provided.

Lifestyle modifications through the principles of Ayurveda like Dinacharya, Rutucharya, avoidance of fast food & life style, applicability of pathya in routine life etc are advised to the patients.

8.1.4 - Steps adopted by the Institution towards implementation of Swasthavritta activities such as Sadvritta, Achararasayana, Dinacharya and Ritucharya etc. during the year. Describe the details of activities undertaken by the Institution towards implementation of Swasthavritta activities such as Sadvritta, Achararasayana, Dinacharya and Ritucharya etc. during the year in 100-200 words:

**Swasthavritta activities:**

Institution has adopted the following steps for the implementation of Swasthvaritta activities as follows :

1. Guest lectures : Guest lectures on various topics like life style changes and life style disorders, and Yougik Shudhikriya etc.
2. Ralleys & banners: Ralleys with notifying banners are periodically conducted throughout the year especially during Celebration of National days.
3. Pawan yoga course: The course is conducted for a period of one month once in a year.
4. Swasthyarakshan OPD: The OPD aims to advice dietary as well as yogic practices for betterment of health status of an individual.
5. International Yoga day activity : On 21st June National Yoga day is celebrated every year in the campus involving the activities such as Health talks, Essay competition, poster presentations, slogan competitions etc

We involve our students to educate in these fields. Above activities are implemented for common public in community to spread importance of Ayurveda. Thus good response from society was received. It was seen that Ayurvedic management plays an effective role in alleviating today's common social health problems.

8.1.6 - The institution has taken adequate measures for the preservation and propagation of rare and endangered medicinal plants as per the list provided by the National Medicinal Plant Board

Dravyaguna department has a medicinal plant garden in 80000 sq. ft. area which is divided in two parts i.e.40000 sq.ft. per part. In this area we have 1140 total plants. It is well irrigated and well fenced area. Along with general Ayurvedic herbs, some rare and endangered threatened plant species are present in the garden.

In this year we planted celastrus paniculatus, Enset superba in the Soil. They were previously protected and were planted in pots. An Irrigation facility has been provided by institution. In future to increase the number of rare & endanger plants, all possible efforts will be taken for this propagation & plant these species in a separate area of the herbal garden.

8.1.12 - Describe the activities undertaken by the Institution towards practice of various types of Anushastra

Anushastra is the Parasurgical procedure described in Ayurveda literature apart from many surgical procedures. This procedures are separate from major Ashtavidha shastrakarma. Anushastra is carried out in those conditions were shastrakarma and surgery can not be done and some special conditions like children & sensitive patients. Anushstra procedures (Ksharkarma, Ksharsutra, Agnikarma) are performed on 448 patients which showed results in various Shalya vyadhis (surgical methods) like Anorectal disease, wound or ulcer, tennis elbow, calcanium spur and hemorrhage. With the help of trividha karma (Purva karma- Pre operative, Pradhankarma- Operative, Paschat karma - Post operative), Anushastra karma are being done.

For this purpose, our hospital has appointed well trained therapists and after certain interval of period, training programmes are also arranged for them. Quality of work and result

is strictly maintained in our hospital.

For the promotion of these anushastra therapy in the society, health camps are arranged at different nearby locations by posting skilled doctors. So many economically poor class are treated well by avoiding major surgeries and adopting anushastras as parasurgical procedures.

8.1.14 - Describe the facilities available in the Institution towards delivering Pathya kalpana, such as : Availability of well equipped and well maintained pathya facility Training & skill development activities to improve the quality of human resource working in pathya Documents of

SOPs for pathya preparations Facilities for instant preparations like svarasa, kalka, ksheerapaka etc. Maintenance of Hygiene of raw material storage and finished products

**Pathya Department:**

Pathyas are defined as the diets which are beneficial for health. Consideration for specific diet pattern and healthy life style is quite evident in Ayurveda at various contexts aiming at nullifying the aggravated doshas as well as the curative aspects of rogas (ailments). The food characteristics and properties will change according to season, place and person hence pathya also changes accordingly. A well developed Pathya department is functional in Dhanvantari hospital with trained staff and cook. Pathya not only advocates intake of wholesome food but also it directs to follow a certain regimen to fasten the process of recovery from the diseased state. Hence, an attempt is made to put into practice the implications and importance of pathya-apathya by producing a prescribed diet and habit at various diseased conditions.

A diet chart format or advisory pathya is mentioned on OPD or IPD papers and the channel for placing diet order is informed to all consultants.

**Products:** Wide range of pathya is cooked in various forms as follows:

1. Manda
2. Vilepi
3. Yavagu
4. Yusha
5. Krishara
6. Takra

8.1.15 - Efforts made by the Institution for carrying out Pharmacovigilance activities related to Ayurvedic drugs

**Institution has Pharmacovigilance unit.**

**Aims :**

1. Early detection of unknown adverse drug reactions and interactions
2. Identification of risk factors and possible mechanisms

underlying adverse reactions

3. Quantifying risks and benefits
4. Improve drug prescription and regulation
5. Preventing patients from being affected unnecessarily

The unit is proposed to function under the Dept. of Rasashastra & Bhaishajya Kalpana. A team has been formed to take an initiative to this proposal which includes:

1. Coordinator
2. Investigator
3. Reporter

The team will have the responsibility of creating awareness and generating sensitivity towards Pharmacovigilance among the consultants, resident doctors, PG scholars, interns, and the public at large. An ADR report format will be made available and the channel for notifying any event informed. Meetings will be scheduled at regular intervals to collect data, analyse and initiate any needful action. Report of any case of ADR will be done at Peripheral Pharmacovigilance Centre at Tilak Ayurveda Mahavidyalaya, Pune.

As a part of training human resource one National Webinar 'Bheshajasuraksha 2022' was organized on 10th Feb. 2022 under the Pharmacovigilance cell. The participants got an idea regarding awareness of adverse drug reaction.
