ACTIVITY REPORT

Charak Medicinal Plants Garden Visit

Title of Activity: Charak Medicinal Plants Garden visit for Annasaheb Dange College of

B Pharmacy, Ashta students.

Duration: One Day

Date: 13/02/2023

Time: 10:15 am to 12:00 noon.

Objectives of event / activity:-

- Introduction of Medicinal Plants to the college students.
- To give information regarding uses and market preparations of Medicinal Plants.

Description: - The field visit was organized for the students of 1st year B Pharmacy in Charak Medicinal Plant garden of Hon. Shri. Annasaheb Dange Ayurved Medical College, Ashta on 13/02/2023 at 10:15 am to 12:00 noon. Total 63 students participated in the activity. Information of medicinal plants with their indications market preparations explained by Dr. Sarika Kandharkar and Dr. Sarita Gavade. Shatavari, Bilva, Gambhari, Ashok, Chandan, Guduchi, Vasa, Haritaki, Nimb, Amalaki, Erand, Bibhitaki, Varun and many more plants showed and explained. Mr. Y. D. Dange from Annasaheb Dange College of B Pharmacy, Ashta was present as faculty to accompany the students. Principal and Prof. Dr. Amit Pethkar Sir guided for the visit.

Outcome:

- 63 students attended the visit.

Documents Attached:

1. Permission Letter of Principal

Sub: Regarding Field Visit to Herbal Garden.....

Dear Sir

We introduce ourselves as Annasaheb Dange College of B. Pharmacy, Ashta, running Two Year Diploma Course in Pharmacy (D. Pharm) from 2018. As a part of Academic curriculum students has to visit Herbal Garden to understand knowledge of various medicinal plants and their uses which will help them for their career. Our students are very enthusiastic to visit Herbal Garden. The expected numbers of visiting students are 68 along with faculty members from the first year D. Pharmacy. Kindly provide us visit on date 13th February 2023.

We request you to grant permission to visit your Herbal Garden along with faculty members.

Thanking you and looking forward for your favour.

To,
HOD Dnyaneshwar

VISIT REPORT 2022-2023

Research is an academic part of every post-graduate student. It is necessary to get awareness of the other research work which was carried out in other centers. On 16th March 2024, 36 students of 1st year Pre MD/MS batch 2022-2023 of Hon. Shri. Annasaheb Dange Ayurved Medical College, Post graduate & Research Center, Ashta visited Dr. D.Y. Patil Institute, Kolhapur to observe the research instruments with the teachers regards Research Methodology Department and Mr. Akshay Chougule.

Parental Institute: - Hon. Annasaheb Dange Ayurved Medical Collage, Ashta.

Host Laboratory: Dr. D.Y. Patil Institute, Kolhapur.

Collaboration with: - Dr. D.Y. Patil Institute by MoU dated 26/08/2022

Overview of Lab Visit:

Pre MD/MS students got the excellent opportunity to visit the laboratory of Dept. of Pharmacology, Dr. D.Y. Patil Institute, Kolhapur and Dr. Shivaji Kashte warmly welcomed us. He had taken time off her busy schedule to welcome us, and introduce us to all lab members. Soon after that, we was helped by Dr. Shweta Talekar to fulfill all the administrative formalities and register as a Visiting Fellow. All the lab members extended full support for us. Dr. Shraddha Pawar gave the brief lecture on overall information about college and location of animal facilities to laboratories, physical facilities, sanitation and cleanliness.

Dr. Sagar patil gave me a tour of laboratory in which she explained various equipments used there with demonstration. Our students personally had opportunity to handle some of the equipments. She gave detailed description of all the equipment's like bio pack, noninvasive BP apparatus. Our visit to Dept. of Pharmacology; Dr. D.Y.Patil Institute, Kolhapur also had to come to an end. On March 16, we left Kolhapur, scientifically enriched and confident to utilize my experience to bring a positive difference to our College lab.

Instrumentation:

FTIR:- Spectroscopy is an important technique in organic chemistry. It is an easy way to identify the presence of certain functional group in the molecule. Also one can use the unique collection of absorption to identify the pure compound or detect the presence

FTIR SPECTROMETER

Elevated plus maze (EPM) is a test measuring anxiety in laboratory animals that usually uses rodents as a screening test for putative anxiolytic or anxiogenic compounds and as a general research tool in neurobiological anxiety research such as PTSD and TBI.

Elevated plus maze (EPM)

X-RAY DIFFRACTION: It is a Method of determining the atomic molecular structure of a crystal, in which Crystal atom cause a beam of x-ray, to different to many specific variations can Produce a 3-D picture of density of electrons within the crystal from this electro Density. The mean position of the atom in the crystal can be determined & their Chemical bond.

X-RAY DIFFRACTION

Rotarod -Rotarod test is widely used to evaluate drug effects on motor coordination, balance and motor learning in rodents. Animals experiencing impaired motor coordination are unable to cope with the rotating rod and will drop off when the rotation speed exceeds their motor coordination capacity.

ROTAROD

INDUCTION HEATING SYSTEM: Induction Heating System is the process of heating electrically conductive materials, namely metals or semi-conductors, by electromagnetic induction, through heat transfer passing through an inductor that creates an electromagnetic field within the coil to heat up and possibly melt steel, copper,

brass, graphite, gold, silver, aluminum, or carbide. An important feature of the induction heating process is that the heat is generated inside the object itself, instead of by an external heat source via heat conduction. Thus objects can be heated very rapidly. In addition, there need not be any external contact, which can be important where contamination is an issue.

INDUCTION HEATING SYSTEM

Relevance to my Research:

Working under the guidance of Dr. Balasaheb Patil, Dr. Shivaji Kashte and Dr. Sagar Patil improved my technical skills and understanding of concepts in Animal house and Laboratory techniques. This knowledge will be really helpful for my upcoming research works.

Acknowledgements:

I would like to thank our home research Department. Specially Mr. Akshay Chougule sir for giving us opportunity to visit Pharmaceutics Research Laboratory, Dr. D.Y. Patil Institute, Kolhapur.

I would now like to thank the principal Dr. Shivaji Kashte for granting me permission for this visit and giving me a chance to learn new things. This Lab visit would not have been possible without her kind support. I would also like to thank Dr. Balasaheb Patil, Dr. Shraddha Pawar and

Dr. Sagar Patil for giving the needful information about the laboratory. I would also like to thank my college, principal, PG coordinator and all the staff who helped me in this process.

Department of Pharmaceutics Research Laboratory, Dr. D.Y. Patil Institute, Kolhapur
on Dated 16th March 2024

VISIT REPORT 2022-2023

Educational Visit Animal House At Dr. D.Y. Patil Institute, Kolhapur

On On 16th March 2024, 36 students of 1st year Pre MD/MS batch 2022-2023 of Hon. Shri Annasaheb Dange Ayurved Medical College, post Graduate & Research Centre, Ashta Visit Animal House at Dr. D.Y. Patil Institute, Kolhapur under the guidance of Mr. Akshay Chougule.

Dr. Balasaheb Patil, Dr. Shivaji Kashte and Dr. Sagar Patil of Dr. D.Y. Patil Institute, Kolhapur demonstrated the various aspect of animal such as Albino rats, Swiss mice. Their Environment, feed, Health maintenance & Breeding was explained by them.

Parental Institute: - Hon. Annasaheb Dange Ayurved Medical Collage Ashta

Collaboration Institute: - Dr. D.Y. Patil Institute, Kolhapur

Date of Visit: - 16th March 2024

Co-ordinate Faculty: - Mr. Akshay Choughule

Team of PG Batch 2022-23

CONTENTES

- INTRODUCTION
- ANIMAL HOUSE DESIGNING
- FACTORS
- VETERINARY CARE
- RECORD KEEPING
- ANIMAL FEED
- CONCLUSION
- REFERENCE

INTRODUCTION

- GLP for animal facilities is indented to assure qualities maintenance and safety of animal used in laboratory studies while conducting biomedical and behavioral research and testing of products.

- CPCSEA (Committee for the Purpose of Control and Supervision on Experiment on Animal)

- The most commonly used animals-

- Frog, Guinea Pig

- Mouse, Rat

- Rabbit, Monkey

- Cat, Dog, Sheep

ANIMAL HOUSE DESIGNING

❖ KEY COMPONENTS IN DESIGN

- Animal holding rooms
- Procedure rooms
- Washing area

- Storage
- Waste area
- Corridor
- Furniture and equipment
- Animal watering systems

ANIMAL HOUSE DESIGNING

- Animal Holding Rooms :
- Building Material - Moisture proof, Fire resistant Seamless materials are most desirable for interior surfaces
- Corridor - It should be wide enough to facilitate the movement of personnel as well as equipment's and should be kept clean.
- Floors: - Floors should be smooth, moisture proof, Skid proof.
- Walls and Ceilings: - Walls should be free of cracks.
- Temperature and humidity control: - Air conditioning is an effective means of regulation these environmental parameters for laboratory animals.
- Power and lightning- Lighting system be installed that provides adequate illumination while people are working in the animal rooms and a lowered intensity of light for the animals. Emergency power should be available in the event of power failure.

FACTORS THAT INFLUENCE ANIMAL RESEARCH

- Animal Related Factors
- Age Sex Reproductive status
- Genetic make-up
- Disease
- Biological rhythms
- Microbial flora

FACTORS THAT INFLUENCE ANIMAL RESEARCH

- Physical & Environmental Factors

- Noise
- Room Temperature
- Lighting System
- Relative humidity
- Building
- Fluid and Water

ANIMAL HOUSE, DR. D.Y. PATIL INSTITUTE, KOLHAPUR

The Animal House, Dr. D.Y. Patil Institute, Kolhapur, adjacent to the building of the Department of Pharmacology. The animal house construction was initiated since 2012 and completed in 2015.

The activities of Central Animal House are:

- (1) Promoting basic and educational animal research.
- (II) Periodical Institutional Animal Ethic committee meeting
- (iii) In-vivo and in vitro studies for PhD level and collaborative projects.

The Animal House facility has mice, rats, and provision for rabbits. Each species of animals is housed in separate rooms partitioned with aluminum frame and particle board in fill in the half lower portion and glass in the upper half portion to avoid disease transmission and inter-species conflicts and to eliminate anxiety and possible physiological and behavioral changes due to interspecies conflict. Each laboratory animal requires special care. They are normally sensitive to their living conditions and living habits. Every part of animal care including feeding, watering, restraining, cage cleaning, record keeping and ordering of animals, feeds, bedding materials and equipment from outside sources are monitored by trained and experienced researchers. The animal room occupies about 50-60% of the total constructed area and the remaining area is utilized for service such as store, quarantine and corridors.

Power: All efforts are made to maintain the animals under controlled environmental conditions of temperature (24-26°C), relative Humidity (60 10%), and automatic light and dark cycle with

100 % fresh air exchange in all animal rooms and uninterrupted power and water supply. The electrical system is safe and provides appropriate lighting and a sufficient no of power outlets.

Facility available: Mice room, rat room, quarantine room, change room, sick animal room, record keeping room (record for animal purchase, animal use and animal death), washing room and store room.

(i) **Change room:** Disposable gear such as gloves, masks, head covers, coats, coveralls and shoe covers are kept in this room.

(ii) **Quarantine room:** Duration of stabilization will depend on type and duration of animal transportation, and animals are housed in quarantine room for a minimum duration of one week for mice and rat.

(iii) **Sick room:** Animals that show signs of a contagious disease are isolated from healthy animals and kept in this room.

Equipment available: Stainless steel racks for holding rats and mice cages having multiple row configurations and wheels for maneuverability; polyethylene cages for mice and rats with cage lid and stainless steel wire bar, as well as an 850 mL water bottle; Air purification unit, air condition unit, digital Thermometer, Hygrometer and Autoclave.

Feeding and water devices: Mice and rats are provided with soft bedding preferably fibrous bedding with greater absorbent. Food pellets/ chow are provided with water on a daily basis. Water bottles and beddings are changed thrice a week for maintaining animal hygiene.

A. Institutional Members: (5 members from Dr. D.Y. Patil Institute, Kolhapur)

1. Scientist In Charge Of Animals Facility
2. Veterinarian Involved in the Care of Animal
3. Biological Scientist
4. Scientists from Different Biological Disciplines
5. Scientists from Different Biological Disciplines

PATHOLOGY LAB VISIT ACTIVITY REPORT

Title Health Camp Activity- Pathology Lab Visit by D-Pharmacy & B Pharmacy(D pharm)
Student Activity Report

Date –08,09 December2022

Time - 10:00 am to 12:00 pm

Duration – 02 Hours

Venue - Hon.Shree. Annasaheb Dange Ayurved Medical College, Ashta. Dhanvanatari
Pathology Lab

Objectives of event/ Activity-

- 1) To understand knowledge of various investigation in Pathology Lab
- 2) To Understand knowledge of different hematology, serology & biochemistry Investigation
- 3) To Understand knowledge of SOP of equipment's & instruments in Patho. Lab

DAY 1st

Description

1. With Principal Permission Pathology lab visit was arranged by Hon.Shree. Annasaheb Dange college of D-Pharmacy, Ashta. At Dhanvanatari Pathology Lab from 07/12/2022
2. Principal, Hon.Shree. Annasaheb Dange Ayurved Medical college, Ashta also granted permission for this visit.
3. A total 60 no of Students were came for visit with Mrs. S. T. Sankapal & MRS. Patil Mam at the Lab.on First Day of visit.

DAY 2nd

Description

1. With Principal Permission Pathology lab visit was arranged by Hon.Shree. Annasaheb Dange college of B-Pharmacy(D pharm), Ashta. At Dhanvanatari Pathology Lab from 07/12/2022
2. Principal, Hon.Shree. Annasaheb Dange Ayurved Medical college, Ashta also granted permission for this visit.
3. A total 59 no of Students were came for visit with Mr.N.R.Inamdar & Miss. khairmode & Mr.S.S.Upadhye at the Lab.on second Day of visit.

Outcome of event-

- 1) General idea about different investigation & SOP of lab was explained by Dr. Vedashri Kalavade, Dr. Rajdatta Desai & Dr. Shital Mane
- 2) Demonstration of blood sample collection from patient was given to student By Arti Pethkar.
- 3) In hematology CBC on cell counter machine, Hb, Manually by sahilis methods & DLC slide demonstrated by Mrs. Sunita Shinde
- 4) Under Biochemistry, BSL estimation demonstrated by Arti Pethkar
- 5) In serology demonstration of HIV given to students.
- 6) SOP of all equipment's & instruments was given to students
- 7) Knowledge about biomedical waste management also given to student.

Sub: Regarding Pathology Laboratory Visit

Dear Sir,

We the Annasaheb Dange College of B. Pharmacy, Ashta having a two-year diploma course in pharmacy (D.Pharm) since 2018. As a part of the Academic curriculum (ER2020) students has to visit Pathology laboratory, which will help them to understand various medical practices of pathology lab along with different processes carried out in lab for evaluation of different samples. All the students belongs to Second Year D.Pharmacy.

We request you to grant permission to visit your Pathology laboratory along with faculty members. Your favorable response in this regard will be highly appreciated.

Thanking You.

LETTER OF APPRECIATION

Dear Sir,

On behalf of Annasaheb Dange College of D. Pharmacy, Ashta we are exceedingly grateful for giving permission for the **Pathology Laboratory visit on Thursday 8th Dec. 2022**. This visit will enhance the knowledge of our students regarding examination of blood and urine analysis and related instruments which are used in the pathology laboratory.

We are highly grateful for your support and we are expecting your kind support in future days also. I sincerely express my deep sense of appreciation for giving permission to the field visit and guiding our student.

Thanking You,

Yours Faithfully,

Resource Person's Feedback on Student's Performance

(Pathology Laboratory visit)

- Name of the Resource Person: Dr. Vedashei A. Katarade
- Institute / Organization: Honr. A. D. A. M. C. Ashta
- Class of students interacted with: II year D. Pharm
- Number of Students Present: 56

Please rate the performance of students during the interaction on the basis of scale of 5, where 5 is for Excellent and, 1 is for Poor.

- How do students have knowledge of pharmacy according to the class they are in?

Excellent (5)	<input checked="" type="checkbox"/>	Good (4)	<input type="checkbox"/>	Average (3)	<input type="checkbox"/>	Below Average (2)	<input type="checkbox"/>	Poor (1)	<input type="checkbox"/>
---------------	-------------------------------------	----------	--------------------------	-------------	--------------------------	-------------------	--------------------------	----------	--------------------------

- How well do students maintain an ethical framework during visit?

Excellent (5)	<input checked="" type="checkbox"/>	Good (4)	<input type="checkbox"/>	Average (3)	<input type="checkbox"/>	Below Average (2)	<input type="checkbox"/>	Poor (1)	<input type="checkbox"/>
---------------	-------------------------------------	----------	--------------------------	-------------	--------------------------	-------------------	--------------------------	----------	--------------------------

- What do you think of the student's communication skills?

Excellent (5)	<input checked="" type="checkbox"/>	Good (4)	<input type="checkbox"/>	Average (3)	<input type="checkbox"/>	Below Average (2)	<input type="checkbox"/>	Poor (1)	<input type="checkbox"/>
---------------	-------------------------------------	----------	--------------------------	-------------	--------------------------	-------------------	--------------------------	----------	--------------------------

- Whether students were curious to know more details of pathology laboratory?

Excellent (5)	<input type="checkbox"/>	Good (4)	<input checked="" type="checkbox"/>	Average (3)	<input type="checkbox"/>	Below Average (2)	<input type="checkbox"/>	Poor (1)	<input type="checkbox"/>
---------------	--------------------------	----------	-------------------------------------	-------------	--------------------------	-------------------	--------------------------	----------	--------------------------

Any other comments: All the students were very much serious and disciplined. Teachers are also very much co-operative. We would be pleased to have many more such activities.
