

## INSTITUTIONAL ACHIEVEMENTS

### Academic Year: 2022-2023

The institution has made significant strides in achieving its institutional goals, as outlined in its planned activities and target years. Several key accomplishments highlight the institution's commitment to excellence and advancement across various domains. Accreditation, certifications underscores the institution's dedication to maintaining international standards in quality management and environmental sustainability.

Moreover, the successful completion of the Green Audit for the 2021-22 period, certified by Vasanti Engineer's and Consultant's Laboratory Services, Sangli, demonstrates the institution's proactive approach towards environmental stewardship and compliance with regulatory standards.

Institution's participation in the Mahatma Jotiba Phule JanarogyaYojana, facilitated by the Government of Maharashtra, reflects its commitment to extending healthcare services to marginalized communities and promoting public health. Notably, securing a government-funded research project worth Rs.25 lakhs from CCRAS underscores the institution's research prowess and its ability to secure competitive grants.

The institution has also focused on enhancing its network with stakeholders, including alumni, academicians, and industry experts. The annual guest lectures conducted by the institution serve as platforms for knowledge exchange and collaboration, fostering a vibrant intellectual community.

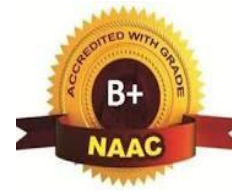

Additionally, initiatives such as faculty development programs, patents, copyrights, and student excellence programs underscore the institution's commitment to nurturing talent, fostering innovation, and promoting professional excellence.
