Emergency kit and mock drill for the management of complications of Kaumarpanchkarma

YEAR-2024

If any complication such as Heena, Mithya or Atiyoga found; then following measures are taken:

1. In case of Heena yoga-again the same procedure is followed with concise and precise precautions.
2. In case of Atiyoga
 - a. Immediately the procedure is stopped.
 - b. In basti, if Anal injury and bleeding occurs then mobbing, bandaging and other emergency treatments are done.
 - c. In case of burns especially due to swedana atiyog, silver sulpha ointments and burn treatment is followed.
 - d. Patient is also monitored for allergic reactions.
 - e. Emergency medicines are kept ready and monitoring is done for pulse, Blood pressure and respiration etc.
 - f. In case of any other infections, Antibody coverage is given.
 - g. R-rest is advised depending upon the severity.
3. Symptomatic treatment is given accordingly in casualty unit of Dhanwantari hospital.
4. Documentation is well maintained in the department.
